The above process also will be utilized when an existing contract for a National outsourcing initiative is expiring and consideration is being given to rebid the outsourcing of the work.

The parties understand that the purpose of the Memorandum of Understanding is to allow the Union an opportunity to compete for the work internally at a point in time contemporaneous with the outsourcing process and early enough to influence any management decision. The Union may suggest less restrictive work rules, mixes of employee categories, lower wage rates that may improve the efficiency and lower the costs of an in-house operation.
