Dear Lynn:

This is in response to questions the union raised in our October 11 meeting concerning the Postal Service's nationwide implementation of a new onboarding process for all newly hired bargaining unit employees titled, "Welcome to USPS" (W2USPS). The union was provided notice concerning this onboarding process by correspondence dated August 7, 2015, and August 26, 2016.

We have restated your questions followed by our responses below.

1. Can the union have a copy of the PowerPoint presentation referenced in the Facilitator's Guide?

Response: A copy of the PowerPoint presentation is enclosed.

2. How will Module 9, "Union Representation," in the Facilitator's Guide be used?

Response: At the beginning of Module 9, W2USPS facilitators will divide participants into groups based on the labor organization(s) that will represent them. The labor organizations will be offered the entire 60 minutes of the module to address the employees they will represent.

Module 9 of the Facilitator's Guide will only be presented when a labor organization does not provide a representative.

3. What is meant by "performance expectations" on page 13-4 of the Facilitator's Guide?

Response: The word "performance" has been removed from the phrase "performance expectations" on page 13-4. The scope of "expectations" includes, but is not limited to, topics such as attendance and adherence to the uniform policy (if applicable).

4. When is the Quick Reference Guide provided to employees?

Response: The Quick Reference Guide is provided to employees at the beginning of W2USPS. Employees may keep their copy of the Quick Reference Guide.

5. Page 30 of the Quick Reference Guide has a document titled, "Safety Orientation Awareness Worksheet." Is this an official USPS document? For what purposes will this form be used?

Response: The Safety Orientation Awareness Worksheet is not an official Postal Service form. It is designed to be used as a guide for supervisors to use to help address site-specific safety issues.

6. Was page 50 of the Quick Reference Guide updated after the Goldberg Interest Arbitration award?

Response: No. We are planning to update page 50 of the Quick Reference Guide in January 2017.

7. What were the attrition rates for the Northern Virginia District prior to and after the August 2015 pilot of W2USPS?

Response: A spreadsheet containing this information is enclosed. Please note, the columns with the header, "GONE," refer to former employees.

Additionally, in an October 24 correspondence regarding this matter, you raised a concern that local union representatives were being instructed to use Module 15 of the Facilitator's Guide during their allotted time in W2USPS. Local union representatives should not receive copies of the Facilitator's Guide. Accordingly, they are under no obligation to use the material covered within.

Finally, in our October 11 meeting concerning this matter, you made several suggested revisions to both the Facilitator Guide and Quick Reference Guide. Please refer to our November 18, 2016, correspondence to Mark Dimondstein, which identifies revisions made based on feedback from our employee organizations, concerning your suggested revisions.

If you have any questions, please contact Noah Meyers at 5024.

Sincerely,

Alan S. Moore
