eWHEP software calculates staffing hours for maintaining Mail Processing Equipment (MPE) platforms based on published maintenance support documentation. For MPE platforms currently lacking Article 19 approved maintenance support documentation, local management will add those platforms as an exception under a page (form) in the staffing software called Section 2C “Other Requirements”.

**Field Maintenance Operations (FMO)**

Utilize historical FMO work hours to calculate annual FMO staffing. Historical hours are now found in both register x20 and register x50. The staffing module calculates and forwards totals to the appropriate summaries.

**Maintenance Support Clerk**

The eWHEP calculates the number of recommended Maintenance Support Clerk (MSC) positions based on the latest updated Staffing Criteria for MSC positions listed in Table 1-1.

**Table 1-1. Staffing Criteria for MSC**

| Number of positions | 0-19 | 20-39 | 40-59 | 60-79 | 80-100 | 101-125 | 126-150 | 151-175 | 176-200 | 201-225 | 226-250 | 251-285 |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| MSC Positions Authorized | 0 | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | 11 |
| | | | | | | | | | | | | |
| Number of positions supported | 286-320 | 321-355 | 356-390 | 391-425 | 426-460 | 461-495 | 496-530 | 531-565 | 566-600 | 601-635 | 636-670 | 671-705 |
| MSC Positions Authorized | 12 | 13 | 14 | 15 | 16 | 17 | 18 | 19 | 20 | 21 | 22 | 23 |

In addition to the number of recommended MSC positions based on the above chart, NDCs are allocated one (1) additional MSC position provided there are at least 20 maintenance positions supported.

Number of positions supported calculation in the eWHEP does not include Station/Branch maintenance personnel.

The local site may request a variance to the Maintenance Support Clerk staffing chart, adding one additional Maintenance Support Clerk position. The Area Office will consider the request and, based on site-specific requirements, may approve one additional Maintenance Support Clerk position.
