☑ Mail ☐ Fax ☐ Email

Any appeal from an adverse decision in Step 2 shall be in writing to Appeals /Employee Labor Relations Center, with a copy to the Employer's Step 2 Representative, and shall specify the reasons for the appeal. (Within fifteen (15) days).

"This Appeal is in accordance with Article 15, Sec. 2, Step 2 (h) and Step 3 (a) for the following reasons:"

On 11/22/2021, at 13:00 hours, a step 2 hearing was scheduled to take place via a zoom internet meeting. The step 2 designee, Steven Santiago, had previously agreed to set up the meeting and forward the log-in information to the APWU Local officials. However, no meeting information was sent to either the Local shop steward or the Local Trustee by the time that the meeting was scheduled to take place. The shop steward, Michael Baumgarten, and the Local Trustee, A.J. Jones were communicating via cell phone at the scheduled time and concurred that neither one was provided the information to log into the zoom meeting. On 11/23/2021, the Local was informed via e-mail that the step 2 designee had an issue the previous day, and was unable to attend the meeting. The Union informed Mr. Santiago that due to the USPS failure to attend the scheduled Step 2 hearing, that the case would be moved to Step 3. No step 2 hearing was held, nor has the USPS provided a grievance number for this case.

and we have attached the Step 2 appeal grievance form, the employers written Step 2 decision and our corrections and additions to the Step 2 decision if we submitted same to employer's Step 2 representative.

Good Morning , The List of Diversion trips has been sent to the surface planners to modify the trips in Tops with an end date of 10/31 . I also sent an e-mail to contracts asking should Contracting send notification to the list of suppliers of this temporary change or should I. Inbound schedule to Phillipsburg is complete with the exception of PVS schedules. I also added the PVS supplemental trips for Brooklyn, DVD, Morgan, Mid Island, and Western Nassau under contract route 070M4 to this spreadsheet even though the HCR schedule needs to be solicited. All PVS trips Highlighted in yellow. Thank you Dave Keane for completing the Inbound schedule .

Today's call:

Items from Tuesday have been completed:

- 117RJ submitted for 07H address update- completed by Rich King
- Supplemental Shuttle SCR submitted by Joe S
- IB trip file completed for Phillipsburg by Dave Keane- will be reviewed and sent out
- Overnight layout plan for Greater Newark provided by Chris

Items to be addressed:

- Cheryl Stoddard: issue with route 12012 that goes to NJ STC from Albany. Looking at creating a direct from Wallingford to Florida. – Angela will discuss with Ric Gaudet for options
- Joe S/Rich King: will send out 07H diversion lanes to surface planners to edit TOPS with a discontinue date of 10/31/21

Concerns: Norwich (017AX) location pulled back and no location for Bethpage is finalized - PEAK SCR's with 017AX are being returned and not completed until a decision is made for a NE Cross dock.

Today's call:

Items from yesterday have been completed:

- 070PE/ 117HE/ 117MJ SCR's submitted for 07H address change- completed by Rich King
- P1 routings created (file attached) by Suketu Tailor
    - Issues: **Current Issues/points of consideration:**
        - Ithe NDLL to show DVD, Trenton and Albany in place of Greater Newark due to the building closure. Trenton & Albany are routed with 2 day mail through 07H currently.
        - 1-day service plants currently do not have sufficient transportation to achieve service.
        - 30Z connection departs 07H at 3:45.
        - Chicago connections depart 07Z at 3:20.
        - Jacksonville NDC-32Z is on surface for now. It will need to be air once the Priority +1 provisions end.
        - 19Z, 190 and 531PC labeling list changes are in the dispatch plan. They will become official in a future NDLL update.
        - Please check the comments in the attachment.

Items to be addressed:

- Waiting for 117RJ to be returned by Pete Avery so Rich King can fix 07H address
- Supplemental Shuttle plate in process of being completed now that 45FT trailers have been located by Christopher Johnson to use- Joe S will finish SCR
- Kelly Hammack emailed that he will work on adding P1 to DTMS tables for Morgan and update the Origin Processing Facility screen in TOPS
- Dave Keane: should be finalizing the IB trips into Phillipsburg today
- Chris Johnson: will provide ZIPS that will flow into the cross dock (waiting on Bethpage lease to be signed)
- Cheryl Stoddard: has issue with route 12012 that goes to NJ STC from Albany. They only have 2 trips, 0055 & 0300. The 0300 would get to NJ STC at 0730. She asked Albany if the 0300 can be moved back 1 hour to 0200, arriving at 0630. Albany is saying NO they cannot do a 0200 depart. There are some destinations on the 0300 trip that depart NJ STC starting at 0730. The travel time for Albany to NJ STC is now 4.5 hours. The old travel time was 3 hr 15 mins- request assistance from STC planner

- Ric Gaudet and Chris Johnson: working on an overnight layout plan- current state and with Greater Newark

Hi Kisha,

As per our conversation- Traffix USA will be running this service as of October 11, 2021 until November 11th, 2021

Understanding we did not have the opportunity to complete a 7468A cost worksheet, it is possible to add $250.00 accessorial to the NY services for tolls?

Please let us know as soon as possible.

Again we appreciate this opportunity.

SCHEDULE NOTES:

B.1.3.a CANCELED TRIPS

The Postal Service may cancel trips under this contract. Supplier will be compensated at 50% of rate per mile (miles X cost segment rate per mile for annual rate contracts) for trips canceled with at least 4 hours' notice. Trips canceled with less than 4 hours' notice will be fully compensated, as if performed

.

.

B.1.3.b TERMS AND CONDITIONS

Terms and Conditions date of issue January 30, 2021 applies to this contract.

.

.

B.3.k KEY PERFORMANCE METRICS

Timely supplier performance according to the contract schedule, is of great importance to the Postal Service. The Postal Service will monitor and maintain records of supplier on-time performance throughout the duration of the contract. Both on-time perfomance and timely supplier responses to Contracting Officer communications are essential to maintaining Postal Service operations. Specifically, cycle time for suppliers to complete service changes and related contract modifications is of great importance. Timely responses to contracting officer communications will be monitored and carefully considered in reviewing supplier performance during the term of the contract and when conducting past performance during the term of the contract and when conducting past performance evaluations of the supplier in connection with future contracting opportunities.

B.1.3.a CANCELED TRIPS

The Postal Service may cancel trips under this contract. Supplier will be compensated at 50% of rate per mile (miles X cost segment rate per mile for annual rate contracts) for trips canceled with at least 4 hours' notice. Trips canceled with less than 4 hours' notice will be fully compensated, as if performed

.

.

B.1.3.b TERMS AND CONDITIONS

Terms and Conditions date of issue January 30, 2021 applies to this contract.

.

.

B.3.k KEY PERFORMANCE METRICS

Timely supplier performance according to the contract schedule, is of great importance to the Postal Service. The Postal Service will monitor and maintain records of supplier on-time performance throughout the duration of the contract. Both on-time perfomance and timely supplier responses to Contracting Officer communications are essential to maintaining Postal Service operations. Specifically, cycle time for suppliers to complete service changes and related contract modifications is of great importance. Timely responses to contracting officer communications will be monitored and carefully considered in reviewing supplier performance during the term of the contract and when conducting past performance during the term of the contract and when conducting past performance evaluations of the supplier in connection with future contracting opportunities.

TO WHOM IT MAY CONCERN,

I WAS ASSIGNED TO THE S.T.C. 3:40 AM RUN. THE TRIP# WAS B803. I DID THIS RUN FROM 10/2019 - 10/2021. THE TRIP DEPARTED MID-ISLAND AT 3:40 A.M. AND ARRIVED AT STC IN SECACUS, NJ, AT AROUND 4:30/5:00 AM WITH A SCHEDULED 5:25 ARRIVAL TIME. LOADS WERE USUALLY 100% IN PALLET OR ROLLING STOCK FORM. MID-ISLAND MAIL DEPARTING STC WAS RELOADED ONTO SAME TRAILER AFTER OFFLOAD, OR LOADED INTO ANOTHER EMPTY. I USUALLY WOULD DEPART STC AT 5:45/6:00 AM, AND WOULD RETURN TO MID-ISLAND AT 7:00/7:30 WITH A 7:40 AM SCHEDULED ARRIVAL TIME.

See attached sheet

13 CORRECTIVE ACTION REQUESTED See attached sheet

M. Baumgarten — Shop Steward — 11/10/2021

Background and Facts:

On October 12, 2021 at 10:08 am the Manager of Transportation at the Mid-Island P&DC Kenneth Lee sent an e-mail to the APWU Local 2577 stating "The contractor is in place for the 6 trips going to Phillipsburg as of 10/11/2021", informing the Union that a unilateral decision had been made to contract out the transportation work to and from the Surface Transfer Center at Phillipsburg, New Jersey. This work to and from the STC is bargaining unit work that has been previously performed by the bargaining unit.

Mid-Island Postal Vehicle Service has historically and traditionally performed the transportation to and from Mid-Island and the STC located in New Jersey. The transportaton was scheduled transportation service. This was never in dispute. In addition to scheduled service, unscheduled transportation was also transported to and from the STC by Mid-Island PVS.

Historically, there have been 12 duty assignments that were posted, bid upon, and awarded to FTR drivers at Mid-Island for transportation to and from the STC. The USPS has arbitrarily gutted this service and awarded the transportation to an HCR. Article 32 of the Collective Bargaining Agreement clearly states that bargaining unit work cannot just be arbitrarily contracted out without following the procedures and policies set forth therein, including, but not limited to, informing and meeting with the Union in advance, performing a Comparative Anaylsis Report, and providing the Union with all necessary information and documentation related to the contract. The USPS has not provided the Union with any of the requested and pertient information, nor have they met with the Union in an attempt to negotiate contracting out the STC service. The USPS knew well in advance of their desire to contract out the STC service from Mid-Island, as evidenced by the enclosed letter from the National Postal Mail Handlers Union President, but the USPS deliberately avoided the requirements that are promulgated by the CBA Article 32. The USPS also had to secure adequate transportation from an outside contractor well in advance of implementing the contract, further attesting to the fact that the USPS had complete intention all along to contract out the STC work, and not adhere to the stipulations of Article 32. The Union has submitted two Requests for Information from Management for all pertinent information regarding the contracting out of the STC work, however, Management has failed to provide the Union with any of the requested information (see attached copies of RFI's). There was also a Step 1 Class Action grievance filed on October 26, 2021 with the Transportation Manager Kenneth Lee (see attached copy). There has been no response from Management regarding the Step 1. No Step 1 hearing was held, nor was a decision rendered. Therefore, no arguments from the Step 1 level will be permitted henceforth. The USPS has wholeheartedly and willfully failed to provide the Union with an opportunity, at any level, to be included in the processes which have taken place in subcontracting out the STC work.

This appeal is being filed to document and protest the USPS violations of the Collective Bargaining Agreement Articles 1, 3, 7, 8, 17, 19, 31, 32, and 39, and that the American Postal Workers Union on all levels has not been included in the decision to contract out the bargaining unit work of service to the Surface Transfer Center in Phillipsburg, New Jersey.

Corrective Action Requested:

The Union is demanding that the HCR contract be immediately terminated and all STC work be returned to the Mid-Island PVS. The Union is also demanding that all employees and crafts be made whole in all ways and every way in all pay and entitlements. The Union is also demanding that all information regarding said contract be furnished to the Union immediately.

Background: On October 12, 2021 at 10:08 am the Manager Of Transportation Kenny Lee sent an email to the APWU Local 2577 stating ***"The contractor is in place for the 6 trips going to Phillipsburg as of 10/11/2021"*** informing the Union they unilaterally made a decision to contract out Transportation work to and from the STC which is bargaining unit work that has been previously performed by the bargaining unit.

Mid Island Postal Vehicle Service historically and traditionally performed the transportation to and from Mid Island and the Surface Transportation Center located in NJ. The transportation was scheduled transportation service. This was never in dispute. In addition to scheduled service unscheduled transportation was transported to and from the STC by PVS.

Included in this appeal are the 12 duty assignments that were posted and awarded to FTR duty assignments. The USPS arbitrarily gutted this service and awarded the transportation to an HCR. The union reserves the right to amend the grievance in part or in whole pending full disclosure of all information requested has been received and reviewed. Subject but not limited to the requested make whole remedy.
The sub contracting violation is gutting and has already been determined nationally and locally prohibited in Mid Island. This appeal does not limited the violation of mail processing destination and originating mail. The union needs to view the costs, means and method this work has been subcontracted. The union has been kept in the dark and the service has not disclosed. The union references the 32MOU on Pages 340, 389, 390, 392.

The service knew well in advance of the decision to subcontract and gut existing Postal Vehicle Service in Mid Island and obviously had to secure transportation well in advance. The Union was never provided an opportunity at any level prior to the decision to persuade the service to continue use PVS, minimize the adverse impact or informed at any level subcontracting was considered or required until after the decision was made to subcontract.

This appeal is being filed to document and protest the Article 1,3,7,8,17 19, 31 32 39 violations and the union has not been included or offered any information relative to the decision.

Corrective action:
The union requests the HCR work to be canceled immediately returned to PVS and the employees and crafts be made whole in all ways and every way. Cease and desist. Fully disclose all of the information.

MANAGERS, HUMAN RESOURCES (AREA)

SUBJECT: Monitoring Union Requests for Information

Unfair Labor Practice (ULP) charges are often filed by our unions over requests for information (RFIs). Recently, the Postal Service met with the National Labor Relations Board (NLRB) to discuss what the NLRB perceives to be a continuing problem. The NLRB has confirmed that its enforcement strategy will be to file petitions for contempt and seek monetary fines, wherever the NLRB considers that the Postal Service has a history of failing to respond to union requests for information in a timely manner. Additionally, the NLRB has informed us that it is unwilling to settle these contempt charges solely through monetary payments and instead will insist on some assurance that the Postal Service has developed processes to ensure prompt and complete responses to union RFIs.

To ensure that information requested pursuant to Articles 17 and 31 of our respective collective bargaining agreements is provided to the union in a timely manner, all facilities should establish and maintain a log of information requests and their status. District Managers, Human Resources are responsible for ensuring that all facility managers in their district are aware of this responsibility and act on it in a prompt manner.

Article 31 provides that requests for information relating to purely local matters should be made to the appropriate installation head or designee. In those offices where a designee is used, local union organizations should be notified of the designee to whom such information requests are to be made.

At a minimum, each information request log should identify the requesting union, the information requested, the date of the request, and the date(s) the information was provided. When information is provided, a record of transmittal or receipt should be made. Timely implementation of a tracking process is particularly important in those offices that have experienced a high number of ULP charges over information requests.

If you have questions concerning this matter, please contact Alan Moore, Manager, Labor Relations Policies and Programs.

ALL MANAGERS AND SUPERVISORS

SUBJECT: Information Requests and *Weingarten* Rules

The purpose of this memo is to remind you of two extremely important responsibilities related to your position with the Postal Service – the handling of information requests and adherence to the *Weingarten* rules. As a Postal Service supervisor, you are required to:

1. **promptly provide information requested by union representatives; and**
2. **allow employees to consult with a union steward under the *Weingarten* rules.**

Responding to Information Requests:

When you receive a request for information from a union representative, you must act promptly after receiving the request. There is no specific statutory time target, but a good rule of thumb for routine requests is to respond within five days of receiving the request. Do not wait until you have all the information if some information can be supplied quickly, but other information will take much longer to provide. If you need assistance in responding to a request, immediately contact District Labor Relations for help. Do not ignore requests or assume that you can wait a week or two to work on the request before responding.

***Weingarten* Rules:**

Employees, upon request, must be given access to a steward before and during any "investigatory interview." An investigative interview or pre-disciplinary interview (PDI) is any conversation which the employee reasonably believes may lead to discipline. If requested, you must permit the employee and the steward to meet privately for an adequate period of time before the meeting. During the interview, you must permit the steward to participate and advise the employee.

Training:

Two short videos are available to explain the duty to supply information and the *Weingarten* rules. You will find the videos on the USPS-TV On Demand webpage, http://blue.usps.gov/pec/uspstv/vpdlist.htm. The links to the videos are located in the Employee Awareness section, under the following titles:

- **"Unions, Part 1: Weingarten – What You Need to Know"**
- **"Unions, Part 2: The Duty to Supply Information"**

Contact Your District Labor Relations Office:

Complying with the *Weingarten* rules and the duty to provide information can sometimes be complicated. If a question arises regarding any of the above, ask Labor Relations before denying an employee's request for a steward or denying a request for information. When appropriate, Labor Relations will contact the Law Department for advice.

97. July 21, 2021	HCR112U3/U4	Brooklyn P&DC
	(Note: Formerly 112U0)	

Since the last update, it has been determined that PVS is not running all trips on HCR97032 and 970M2 out of the Portland P&DC. HCR97032 had been listed as insourced as of October 31, 2020 and HCR970M2 as of January 9, 2021. These HCRs are no longer considered insourced.

Currently, the Postal Service is operating 97 of the 110 HCRs.

Due to lack of staffing, the following HCRs have not yet been insourced:

1.	HCR553DA	Minneapolis P&DC
2.	HCR550DA	St. Paul P&DC
3.	HCR91732	Industry P&DC
4.	HCR956L6	Sacramento P&DC
	(Note: 956L6 formerly 95612)	
5.	HCR92350	San Bernardino P&DC
6.	HCR94895	San Jose P&DC
7.	HCR95032	San Jose P&DC
8.	HCR95034	San Jose P&DC
9.	HCR97032	Portland P&DC
10.	HCR970M2	Portland P&DC

HCR95612 has been re-numbered 956L6. The work from the original HCR remains and will be insourced as per Arbitrator Das' award referenced above.

Due to operational changes at the NJ NDC the work for the HCRs to be insourced has been terminated. The parties met on July 23 to discuss possible substitute HCRs as replacements. Those discussions are ongoing. The 3 NJ NDC HCRs in question are the following:

11. HCR070V1 NJ NDC
12. HCR070U7 NJ NDC
13. HCR070U9 NJ NDC

The following is the staffing for each of the remaining sites:

We have shifted hiring to career at all remaining locations except for Industry. However, we have increased the career complement at Industry and reduced the authorized number of PSEs to 17. We are in the process of converting PTF to FTF and PSE to PTF.

The following table shows the number of drivers hired at each site in the last 30 days. The last column shows the target date to complete hiring and insource the HCRs at each facility.

The following are the ongoing recruitment efforts at these sites:

- Social Media advertisement (recurring)

    - Facebook – USPS Careers Page
- Advertising to military/veteran community through various partnerships
    - Corporate Gray
    - RecruitMilitary
    - ESGR
    - Department of Veterans Affairs/Veterans Benefits Administration
- One-year partnership with Women in Trucking ©
    - Posting of all USPS vacancies on company website
    - Ability to source directly from company applicants
    - USPS Advertising on company website
    - Inclusion in the annual Women in Trucking show (March 2020)
- Driver poster created that will be used in driving vocational schools, truck stops, and other locations determined to be frequented by those possessing Commercial Driver's Licenses.
- CDL driver recruitment video (3 minute version) completed and utilized on www.usps.com/careers page and shared on social media (Facebook, LinkedIn, etc.)
- CDL Driver recruitment video truncated to 30 seconds for use on gas-pump advertising campaign:
    - Advertisement live March 3, 2020 through April 3, 2020
    - $9950 Initial spend
    - Target Markets:
        - Denver, CO (15 gas stations)
        - Cleveland - Akron, OH (24 gas stations)
        - Los Angeles – Santa Ana, CA (7 Gas Stations)

We have also developed a vinyl decal which will be placed on vehicles and advertise our need for qualified drivers.

In addition, various sites have tried additional local initiatives as follows:

Industry P&DC	Vehicle decals, Twitter and Facebook ads
San Bernardino P&DC	Social media, vehicle decals, banners
San Jose P&DC	Vehicle decals, banners
Minneapolis P&DC	IBEW Job Fair, CDL Jobs
Saint Paul P&DC	IBEW Job Fair, CDL Jobs, 88,000 EDDM cards delivered

We are negotiating a radio ad in the Minneapolis/St. Paul area.

We are looking at an electronic billboard campaign in California with focus on the roadways surrounding our facilities trying to hire.

The outbreak of CODVID-19 has negatively impacted in person job fairs. We have conducted virtual job fairs.

As stated in our updates, the Postal Service continues to have difficulty recruiting and hiring qualified Tractor Trailer Operators (TTOs) and to a lesser degree Motor Vehicle Operators (MVOs). Without adequate staffing the Postal Service has been unable to insource the remaining HCRs. This difficulty to hire TTOs and MVOs in these highly competitive markets is the main problem impeding our ability to convert to PVS. Without enough PVS drivers, the Postal Service cannot meet the service currently provided by the HCRs.

ARBTRATOR ORDERS MONETARY REMEDY FOR POSTAL SERVICE FAILURE TO COMPLY WITH ORDER TO CONVERT 110 HCR ROUTES TO PVS

In August 2016, Arbitrator Shyam Das ordered the Postal Service to cease and desist from violating Article 32.2 of the National Agreement and to convert 110 HCR routes to PVS as a remedy for proven widespread violations. The award requires that each route converted to PVS must be kept as a PVS route for four years after its conversion.

The parties subsequently entered into two Memorandums of Understanding (MOUs) (in May 2017 and May 2018) reconfirming the Postal Service's obligation to comply with the Award and confirming Arbitrator Das's continuing jurisdiction over "any matters relating to implementation of this remedy."

In 2020, the Union invoked Arbitrator Das's retained jurisdiction, seeking an Award that would make the Arbitrator's 2016 Award effective. The Union asked for a monetary remedy and an order requiring the Postal Service to keep all 110 PVS routes as PVS routes until four years after all 110 routes have been converted from HCR to PVS. The Union sought a monetary remedy measured by all additional work hours the bargaining unit would have worked if the Postal Service had complied with the Award in a timely manner.

Based on the evidence presented at the ensuing arbitration hearing, Arbitrator Das found that:

- 74 of the 110 HCR routes had been converted to PVS by the end of 2018;
- only six additional routes were converted in 2019; and
- by November 20, 2020, ninety (90) of the 110 routes had been converted.

In response to the Union's request for an Award to effectuate his 2016 ruling, Arbitrator Das agreed with the Union that it is entitled to an appropriate additional remedy. He rejected the Postal Service's contention that the Union acted unreasonably when it rejected some Postal Service initiatives that could have adversely affected members of the bargaining unit. The Arbitrator stated:

> As the Union points out, the Postal Service did not invoke my retained jurisdiction to seek relief from the terms of the 2016 HCR Award or the May 2017 MOU. The Postal Service also did not dispute or explain why it did not pursue possible alternate routes with the Union, if there were hiring problems at certain locations.
>
> A failure to comply with an arbitration award's remedial order, as modified by the parties' subsequent MOU, is analogous to failure to comply with a cease and desist order. As such, the Union is entitled to an appropriate additional remedy for this failure, as well as prompt compliance by the Postal Service with its remaining outstanding obligations.
>
> * * * *
>
> The PVS bargaining unit as a whole has been harmed by the Postal Service's failure to convert the work at issue as provided for in the 2016 HCR Award and subsequent May 2017 MOU. Individual employees possibly may have been deprived of additional earnings opportunities. Moreover, while there is some basis to the claim that the Union is seeking a punitive remedy, some such remedy seems reasonably necessary to induce the Postal Service to fully honor its contractual obligations. The evidence may not establish that the Postal Service has acted in bad faith, but it also has not maximized its efforts to comply over a lengthy period of years.

As a remedy for the Postal Service's failing to comply with the award, Arbitrator Das ordered the Postal Service to provide the bargaining unit a monetary remedy "based on the number of additional hours that would have been worked on unconverted routes if they had been timely converted during the periods from January 1, 2019 through March 31, 2020 and, prospectively, from July 1, 2021 until the conversions are completed." He ordered that "[t]he Union will be responsible for ensuring that the amount so paid is expended for the benefit of PVS employees in the bargaining unit."

He also ordered the Postal Service to:

- complete conversion of the 110 routes (as soon as reasonably practical
- provide the union within 45 days a timetable for the complete conversion of the 110 routes; and
- comply with the commitments made in the parties' May 2017 and May 2018 MOUs regarding compliance with the 2016 Award.

The Arbitrator declined to extend the time period during which the Postal Service must keep all 110 converted routes PVS. He kept the requirement that each PVS route converted to PVS must be retained as a PVS route for at least four years after that route is converted.

Finally, the Arbitrator observed:

> Evidently,regional grievances on the same matter are being held in abeyance by agreement pending the determination in this national proceeding. While I do not have jurisdiction over those regional grievances, and make no ruling on them, the present decision addresses and applies to the Postal Service's national failure to comply with the remedy provided in the 2016 HCR Award over which I have retained jurisdiction.

Award Summary:

ORDER

1. The Postal Service is directed to complete the conversion of the remaining routes -- or agreed alternatives -- as soon as reasonably practical and to provide the Union with a projected timetable within 45 days of this Order -- unless otherwise agreed.

2. The Postal Service is directed to make the bargaining unit whole by making a monetary payment calculated by multiplying the number of additional work hours that would have been worked by employees in the bargaining unit if the Postal Service had completed the required conversions during the periods from January 1, 2019 through March 31, 2020 and, prospectively, from July 1, 2021 until the conversions are completed. The Union will be responsible for ensuring that the amount so paid is expended for the benefit of PVS employees in the bargaining unit.

3. I retain jurisdiction for 90 days to resolve any matters relating to implementation of this Order.

Shyam Das, Arbitrator

BACKGROUND

Q06C-4Q-C 11182451
[Implementation]

On August 18, 2016, I issued a final Award in Case No. Q06C-4Q-C 11182451 involving violation of the notice provisions in Article 32.2 of the 2010 National Agreement (2016 HCR Award). The basis for that Award is set forth in the Findings as follows (footnote omitted):

> Article 32.2.B of the National Agreement provides that the requisite notice ("information") "will be" furnished to the Union at least sixty days prior to the scheduled installation of highway contract service. This includes HCR renewals. The Union has forty days in which to request a meeting to discuss a specific contract. The parties then are to exchange basic cost analyses within forty-five days and meet on or before the sixtieth day since the notice. In no uncertain terms, Article 32.2.B states:
>
> > At no time will the subject highway contract(s) for which a meeting has been requested be awarded prior to the actual meeting.
>
> Timely notice is a necessary prerequisite for the Union to exercise its right to request a meeting before which the Postal Service is proscribed from awarding a highway contract.
>
> The Postal Service in this case has not disputed that during 2010 and in subsequent years it engaged in wholesale and repeated violations of its obligation not to award an HCR contract before: providing notice, giving the Union the opportunity to request a meeting, and, if a meeting is requested, exchanging basic cost analyses and meeting with the Union to discuss the subject contract. The Postal Service has not offered an explanation for why it failed to comply with Article 32.2.B or to take effective corrective action even after the filing of this National grievance in 2011....
>
> • • •
>
> A cease and desist order...is proper and necessary, but is not by itself sufficient given the nature of the Postal Service's violation, including that it was systemic, knowing and not shown to have resulted from circumstances beyond management's control. At the same time, any additional remedy must be related to and proportional to the harm -- as best it can be determined -- to the Union and the bargaining unit.
>
> • • •

The Award in the 2016 HCR Award provides as follows:

AWARD

The Postal Service violated the National Agreement by notifying the Union of HCR contracts after they have been let. The Postal Service is ordered to cease and desist such violations and to comply with the notice and procedural provisions of Article 32.2.B before it awards a Highway Contract Renewal (HCR) contract.

The Postal Service also is ordered to comply with the following remedy:

(1) Within six months of the date of this Award (unless otherwise agreed), the Postal Service shall convert the 110 (or whatever number there continue to be) disputed routes remaining in service (out of the original 212 cited violations) to PVS service for a four-year period.

(2) By agreement, the parties may substitute other route(s) to be converted to PVS service pursuant to this order based on particular circumstances.

(3) I retain jurisdiction to resolve any matters relating to implementation of this remedy.

In the Findings, I explained:

> Part of the context I have taken into account in providing this particular remedy is that the Postal Service's violation of Article 32.2 is not limited to the 212 cited violations that occurred in 2010, but has been widespread and repeated. Together with the cease and desist order, this is intended to remedy the harm to the Union and the bargaining unit arising from these violations and to impress upon the Postal Service its obligation to fully comply with the procedures it agreed to with the Union.

On May 17, 2017, the parties entered into the following Memorandum of Understanding (MOU):

Re: Implementation of Remedy Award in
Case No. Q06C-4Q-C 11182451

The United States Postal Service ("Postal Service") and the American Postal Workers Union ("APWU") (collectively, "the Parties") execute this Memorandum of Understanding ("MOU") to confirm their commitment to full implementation of the Arbitration Award in Case No. Q06C-4Q-C 11182451 (hereinafter "the Award"). The parties now agree as follows:

1. The Postal Service will convert 110 routes from HCR to PVS service no later than September 1, 2017. A list identifying the 110 routes to be converted is Exhibit A to this MOU.

2. The Parties agree to cooperate in good faith to effectuate the transfer of the 110 HCR routes to PVS in a timely manner. The Postal Service will begin the staffing process and any necessary hiring immediately. Once sufficient staffing is in place, notice of cancellation will be given to the contractor operating the HCR. The Postal Service will give the APWU written notice concerning the transfer of routes, identifying each route and stating the date on which the transfer(s) was completed and the postal employees assigned to the route(s), and PS form 4533's.

3. If for any reason, despite the Postal Service's good faith efforts, any of the routes identified in Exhibit A cannot be converted by September 1, 2017, the Postal Service will notify the APWU as soon as reasonably practicable of the reasons therefore. The parties will discuss possible alternatives.

4. This MOU is non-citable without the permission of both parties and non-precedential except that if the parties return to the Arbitrator in this matter, it is understood that this MOU will become an exhibit introduced in the arbitration hearing.

5. This MOU expresses all of the parties' agreements and understandings to date concerning implementation of the Arbitrator's Award in this case. This MOU does not modify the Arbitrator's retained jurisdiction. This MOU may be modified only by a subsequent MOU expressly modifying this MOU and executed by both parties.

The first HCR conversion actually occurred on September 9, 2017. By May 14, 2018, the Postal Service had completed conversion of 51 of the 110 HCRs. On May 14, 2018, the parties entered into the following Addendum to the May 17, 2017 MOU:

> RE: Addendum to Memorandum of Understanding dated May 17, 2017, regarding *Implementation of Remedy Award in Case No. Q06C-4Q-C 11182451.*
>
> The Parties have agreed to the following Addendum to the Memorandum of Understanding "Re: Implementation of Remedy Award in Case No. Q06C-4Q-C 11182451." The parties agree to the following to ensure full implementation of the Award in the above referenced case and to confirm the Arbitrator's continuing jurisdiction to resolve any matters relating to implementation of the remedy in this case.
>
> 1. This Addendum does not address or forego the Union's right to seek an appropriate remedy for failure to meet the September 1, 2017 implementation date.
>
> 2. With respect to any installation where the Postal Service is not presently in compliance, the Parties at the national level may agree on an installation-by-installation basis that newly hired PTFs utilized to insource the HCRs may cause the ratio of PTFs to FTR's to exceed the 20% PTF cap. Any agreement under this paragraph must be in writing and for the sole purpose of facilitating the Postal Service's compliance with the Award.
>
> 3. The Postal Service will provide the APWU a monthly report listing each site that is to be converted to PVS pursuant to the Award and stating for each site (1) what progress has been made since the previous monthly report; (2) what, if any, problem may be impeding conversion to PVS at that installation; and (3) a projected date for completion of conversion at that installation. The report required by this paragraph will be provided no later than the seventh day of each month.
>
> 4. Any local grievances filed for non-compliance with the September 1, 2017 implementation date should be held in

abeyance, at whatever step they are filed or first identified or are presently being held.

5. This Addendum does not modify the Arbitrator's retained jurisdiction or either party's right to invoke the continuing jurisdiction. If for any reason Arbitrator Das is not available to exercise his continuing jurisdiction under his Award, the case will be scheduled in front of another arbitrator on the national panel who will exercise the continuing retained jurisdiction to resolve any matters relating to implementation of the remedy of this case.

6. This Addendum is non-citable without the permission of both parties and non-precedential except (1) for purposes of enforcing this Addendum or the Parties' MOU; and (2) if a party asks an arbitrator to exercise the retained jurisdiction in this matter it is understood that this Addendum will become an exhibit introduced in the arbitration hearing.

Subsequently, the APWU invoked my retained jurisdiction "to resolve any matters relating to implementation" of the remedy provided in the 2016 HCR Award on the basis that the Postal Service had failed to comply with the Award. A hearing was heard on this matter on November 19-20, 2020, and the parties subsequently filed post-hearing briefs.

Ray Wagstaff, National PVS (Postal Vehicle Service) Lead for the Postal Service, testified that following issuance of the 2016 HCR Award, the Postal Service, working with the Union, identified 110 routes at 47 sites to be insourced. It was estimated that this would require hiring 991 employees. The plan was to insource all of these routes by September of 2017, as provided in the May 17, 2017 MOU. Wagstaff stated that all of the required vehicles, which the Postal Service leased, were in place by the end of August 2017, and still are there. He stressed that there never was a period when the Postal Service did not intend to insource all 110 routes, which he indicated was doable.

James Lloyd, a Labor Relations Specialist at Postal Headquarters, noted that Paragraph 3 of the 2017 MOU reflects the concern that the Postal Service would not be able to complete the conversion by September of 2017. Moreover, it is recognized in Paragraph 2 that a location needed to be fully staffed to be able to effectuate a route conversion. Essentially, he

stated, the only real problem with converting the routes was a staffing problem. He said it required a herculean effort to hire 1,000 drivers, which was in addition to additional new hires required due to attrition of the existing driver work force. He noted that the Postal Service always has a driver shortage, so that even locations where they were hiring to enable the insourcing of an HCR route already were shorthanded. In this regard, Wagstaff indicated that PVS compensation is not attractive to long-haul drivers.

Lloyd testified that the Postal Service initially decided to hire PSEs to staff the insourced routes for multiple reasons, including that the insourced work might be returned to HCR service after four years and the Postal Service did not want to end up with excess career employees at that time. In addition, using PSEs is less expensive than hiring career employees. Lloyd noted that they ran into problems after partially staffing up with PSEs because they could not insource the HCR until fully staffed and, yet, contractually they only could assign these PSEs to new work, and the Union was not willing to agree to a temporary exception. As a result, he said, some of the PSEs who were hired to perform the insourced routes ended up leaving the Postal Service before the insourcing could occur. He added that the Union also nixed certain proposed efforts to make the PSE positions more attractive, such as providing a signing bonus and making it easier for veterans to apply for those positions. As a result of these problems hiring PSEs, in the fall of 2019 the Postal Service decided to only hire career employees at the remaining sites.

Lloyd reviewed the staffing and HCR conversion progress over the period between the signing of the May 2017 MOU and the November 2020 arbitration hearing. Thirty-two routes were converted between September and December 2017. By the end of 2018, 74 routes had been converted, and by the end of 2019, 80 routes had been converted.[1] In the first four months of 2020, prior to the full onset of the Covid 19 pandemic, there were four conversions. In September and October 2020 there were an additional eight conversions. At the time of the hearing in November 2020, Lloyd stated, 92 of the 110 identified HCR routes had been converted. In its post-hearing brief, the Postal Service pointed out that subsequent to the

[1] The six conversions in 2019 all occurred prior to April of that year.

hearing it was discovered that two of the 92 routes included segments which still were being operated by HCR. Since all the work was not being operated by PSEs, two routes were taken off the list of insourced routes. Therefore, the number of routes that had been fully converted as of the November 2020 hearing actually was 90 of the 110 identified routes.[2]

Lloyd insisted that the Postal Service recognizes its obligation to complete the conversion of the remaining routes, and fully intends to do so. Lloyd also stated that the Postal Service recognizes its obligation to provide monthly updates in accordance with the May 14, 2018 Addendum MOU, but noted that during some months there has not been enough new information to support an update. This, he explained, was why no updates were provided to the Union in certain months. He added that, beyond the monthly updates, the Postal Service has tried to keep the Union abreast of what is going on. Lloyd acknowledged that he told the Union that the Postal Service was having trouble with the local managers doing what was needed to complete the conversions.

Jeryl Wilson is Director of Diversity and Talent Acquisition, a position she has held since 2013. Talent Acquisition primarily is focused on headquarter and headquarter-related professional positions, but also works with the field to develop strategies for some of their critical and hard-to-fill positions. After the 2016 HCR Award, Wilson said, she was approached by Surface Transportation in 2017 to help develop strategies to increase the hiring of PVS drivers. She noted that there are two categories of PVS drivers: Motor Vehicle Operator (MVO) and Tractor Trailer Operator (TTO). The primary difference is that the MVO only require a Class B Commercial Drivers License, while the TTO needs a Class A CDL and six months experience operating a tractor trailer. Wilson stated that between 2016 and 2020, the Postal Service nationwide hired a total of 841 MVOs, but during the same period lost about 1,000 MVOs. During those same years, the Postal Service hired 5,106 TTOs and lost 3,677.

---

[2] At the arbitrator's request, the April 2021 update was provided to supplement the record. It shows that 20 of the 110 routes still remain to be converted.

Wilson described the various recruitment efforts the Postal Service utilized to enable it to hire the required number of PVS drivers. In addition to posting open positions on the Postal Service career website, she testified regarding the efforts summarized below:

- Posting on CDLjobs.com -- began in September 2017
- One-Page Ad in National Trucking Magazine -- ran from December 2018 through July 2019
- Spots on Sirius Radio aimed at truckers -- ran for two weeks in October 2019
- National and Specific Area Ads on "Women In Trucking" website -- began in February 2020
- Various efforts to attract Veterans, including participation in career events
- Various Videos, including Videos run at Truck Gas Stations -- shown in January 2020
- Making Hiring Decals available for use on Postal Vehicles and Tractor Trailers
- Creating Brochures for Distribution at Postal Service career events
- Creating "Every Door" Mailers -- 2018 through 2019
- Program to increase internal pool of TTOs (from MVOs) -- announced in February 2020, subject to discussion with APWU; put on hold due to Covid 19 Pandemic
- Providing Training to Field on Virtual Career Fairs
- Advertising Vacancies on Various Social Media

On cross-examination, Wilson acknowledged that these recruitment efforts were made based on a combination of the need to hire sufficient drivers to comply with the 2016 HCR Award and the Postal Service's overall need for additional drivers. These efforts were nationwide, not targeted to specific locations where the HCR routes to be insourced existed. She also noted

that the training provided by headquarters to the field was voluntary, and that the field was encouraged to do and try various avenues for recruitment, but not required to do so. Similarly, the use of decals on Postal Service vehicles and direct door mailers was up to the districts to utilize and pay for.

Michael Foster, Director of the Motor Vehicle Division (MVD) in the APWU, noted that, in his opinion, too many of the PVS positions created by the Postal Service to staff the HCR routes to be insourced were created with short hours, which made them unattractive to potential drivers. He also pointed to issues that arose in Kansas City and elsewhere when the Postal Service hired PSEs to man the insourced routes, but were not fully staffed to do so. The HCR route could not be insourced until the Postal Service was fully staffed, but meanwhile the Postal Service could not keep the PSEs it had hired gainfully employed because contractually it could only assign such hires to "new work."

Javier Piñeres retired in August 2020, after serving as Assistant Director of the MVD since 2013. He noted that in the monthly updates the Postal provided to the Union under the May 2018 Addendum to the May 2017 MOU, the Postal Service referred to the postings on the Postal Service career website as one of its "ongoing recruitment efforts." He said that prior to the hearing he went to the website where the Postal Service posts available jobs by location and checked to see whether PVS positions were posted at the remaining sites still to be converted from HCR. When he did this in October 2020, none of the locations where such positions were posted coincided with sites where the Postal Service still had to insource an HCR route. In November 2020, some of the postings were for positions at the remaining conversion sites, but most of these were for "annuitant holiday transportation assistant," a temporary Christmas position open to retired Postal Service drivers with the requisite CDL. He did find at least three PSE TTO postings -- which are up for 5 days – at remaining conversion sites.

Piñeres also pointed out that PVS MVO and TTO total earnings, including overtime, can be quite substantial. According to an exhibit submitted by the Postal Service at

the most recent APWU Interest Arbitration, total earnings for these positions average between $110,000 and $115,000, and some drivers earned as much as $140,000.[3]

UNION POSITION

The Union asserts that the history and context of this dispute show that the Postal Service has been determined not to comply with the 2016 HCR Award or with Article 32.2. Since at least 1996, the Postal Service repeatedly has violated Article 32 in contracting out PVS routes. Indeed, this dispute arose in the context of Postal Service attempts to contract out all PVS work in violation of the National Agreement. Not long after the effective date of the 2010 National Agreement -- in which the Union made financial concessions to the Postal Service worth $3.7 billion in exchange for the agreement by the Postal Service to bring work back into the bargaining unit -- the Postal Service sought to contract out all PVS work nationwide, while at the same time failing to comply with its commitment to increase bargaining unit work. This was grieved by the Union, resulting in a 2015 national arbitration award by Arbitrator Goldberg (Case No. Q10V-4Q-C 14125953) concluding that the Postal Service effort violated its contractual obligations to the Union. The Union stresses that at the same time the Postal Service was attempting to contract out all PVS work it was not complying with the notice requirements of Article 32.2 and engaging in other efforts to subvert compliance with that provision.

The Postal Service's failure to comply with Article 32.2 resulted in the 2016 HCR Award which ordered the Postal Service to convert 110 routes from HCR to PVS for a period of four years. As permitted by the Award, the parties agreed to extend the time limit for conversion of the 110 routes until September 1, 2017. The Union emphasizes, however, that the Postal Service has neither complied with the Award nor invoked the Arbitrator's continuing jurisdiction to seek relief from its requirements. The Postal Service has not argued it was impossible to comply with the Award; it simply has not complied.

---

[3] The Union also points out that PVS jobs are attractive to many people because they permit drivers to return home every day after work unlike non-local over-the-road driver positions.

The Union insists that the record in this case also shows the following: (1) the Postal Service had no plan to comply with the 2016 HCR Award; (2) there is no evidence that any Postal Service executive with authority to do so ordered managers to comply with the Award and the Postal Service did nothing to overcome resistance from local managers who did not want to comply; (3) although some route conversions to PVS occurred in 2017 and 2018, such conversions then virtually stopped until just before the November 2020 noncompliance hearing in this case; (4) through its purported driver recruitment program, the Postal Service paid only lip service to the need to hire drivers while failing to even advertise the need for drivers on the Postal Service web page -- the Postal Service has not proven that it could not hire enough drivers to comply with the Award and its recruitment efforts were too little and too late; (5) the Postal Service has ignored repeated Union requests to substitute other routes to be converted where hiring drivers would be more successful; and (6) while the Postal Service has been violating the Award, the Union has been abiding by its agreement in the May 2018 Addendum MOU to hold locally filed cases in abeyance.

The Union insists the Postal Service must be compelled to come into compliance with the 2016 HCR Award and to redress its delay in complying. The Union needs an order that will make the Award effective. The Postal Service was ordered to comply with the Award by February 2017. By agreement of the parties, as permitted by the Award, the Postal Service agreed to comply by September 1, 2017. More than four years later the Postal Service still is not in compliance. Therefore, a strong order correcting the Postal Service's noncompliance is warranted. Moreover, such an order finds ample support in arbitration precedent, including Arbitrator Mittenthal's 1994 decision in Case No. H7C-NA-C 36 et al.

The Union asserts that the remedy to be provided here should recognize and reflect the long history of the Union's efforts to obtain an adequate remedy for the Postal Service's wholesale, obstinate and ongoing violations of Article 32.2. On the present record, there can be no conclusion other than that the Postal Service has paid only lip service to the 2016 HCR Award, while doing little or nothing to comply with it. Accordingly, the Union requests that the Arbitrator enter an order:

1. Providing that the routes converted to PVS routes pursuant to the Award in this case must remain PVS routes until four years after all 110 routes have been fully converted to PVS routes;

2. Requiring the Postal Service to make the bargaining unit whole by making a monetary payment to the bargaining unit calculated by multiplying the number of work hours that would have been worked by employees in the bargaining unit if the Postal Service had complied with the September 1, 2017, deadline for the conversion of 110 routes to PVS, but which were not worked by bargaining unit employees because of the Postal Service failure to meet that deadline. This compensation must be calculated using the employee costs specified in Article 32.2.E for the purposes of cost comparisons of the type and mode of transportation. The Union will be responsible for ensuring that the amount so paid is expended for the benefit of PVS employees in the bargaining unit, in [sic] including those who have a pending claim for compensation pursuant to a grievance claiming a violation of the Award in this case;

3. Requiring the Postal Service to collect accurate and detailed information about the 110 routes to be insourced pursuant to the award in this case, of a nature and in a form to be specified by the Union, and must communicate that information to the Union each month no later than the seventh day of each month until the expiration of the four-year period prescribed above;

4. Requiring that the determination of the monetary compensation to be provided under paragraph 1 above and the determination of the nature and form of the information to be provided to the Union under paragraph 3 above, must be specified within 60 days after the date of this order, and the monetary payment must be made by the Postal Service within 90 days after the date of this order; and

5. Providing that the Arbitrator will retain jurisdiction for 90 days to resolve any maters relating to implementation of this order.

POSTAL SERVICE POSITION

The Postal Service insists there is neither legal nor factual support for the Union's requested remedies, which exceed make whole relief and constitute a windfall to the

Union. The Postal Service argues that in assessing whether any additional remedies are warranted for the Postal Service's delay in converting the routes, it is important to consider the position the Union would have been in had the Postal Service converted the work by September 1, 2017. The Union would have received 110 routes for a four-year period. With the exception of twenty routes, which the Postal Service is actively working to insource, the Union has received that remedy. Granting the Union the remaining twenty routes, labor costs for routes that already have been and will be insourced, and extending the time period that the routes are to remain in PVS -- as the Union requests -- is well beyond where the Union would be had the Postal Service timely converted the routes.

The Postal Service contends that the Union's requested remedy is not proportionate to the harm. At best, the delay in converting the routes could be quantified as an inconvenience to the Union. The delay certainly does not harm current members of the bargaining unit who could not have performed the work hours necessary to insource those routes. The Postal Service asserts that, unlike the circumstances in the 1994 Mittenthal Award cited by the Union (Case No. H7C-NA-C 36 et al.), the Postal Service in this case has taken effective action to comply with the 2016 HCR Award, and has made good faith efforts to comply with the Award, thereby mitigating any potential harm to the Union.

The Postal Service maintains that the Union, essentially, is seeking a punitive remedy. Not only are punitive damages disfavored in the labor arbitration context, but in the rare instances where they have been deemed appropriate, they typically are reserved for "situations of subjective bad faith and flagrant and known violations of contractual rights." There is no evidence in this case to suggest that the Postal Service acted in bad faith or willfully and wantonly delayed compliance with the 2016 HCR Award. To the contrary, the evidence indicates that the Postal Service fully intended and intends to comply with the Award. Indeed it is spending approximately $15.3 million each year to finance the vehicles necessary for conversion of the routes. The Postal Service's good faith also is evidenced by management's recruitment and hiring campaign for MVOs and TTOs. The Postal Service would not have embarked on such an extensive and expensive campaign if it were not fully committed to hiring the personnel necessary to insource the routes. The Postal Service further points out that it

proposed other initiatives that ultimately were rejected by the Union -- such as waiving the requirement that veterans possess a Class A CDL at the time of applying, providing hiring bonuses, and allowing newly hired PSEs to perform other work -- which highlights the Postal Service's commitment to implementing creative strategies to bolster hiring and retention of bargaining unit truck drivers.

The Postal Service asserts that the Union's claims that it impeded conversion of the routes do not amount to bad faith. Although the Union takes issue with the Postal Service's use of short runs, use of PSEs in lieu of career employees, failure to propose alternative routes and the frequency and duration of job postings, none of these actions amount to bad faith or demonstrate that the Postal Service attempted to delay implementation of the 2016 HCR Award.

The Postal Service contends that it should be granted additional time to convert the remaining twenty routes. The evidence shows that the Postal Service already has begun hiring at the remaining sites, and many are close to reaching the staffing level necessary for conversion of the routes.

In the event the arbitrator does deem a monetary remedy appropriate, the Postal Service urges that the only appropriate remedy is the labor cost for any route not insourced by the date of the Award for a four-year period. If that monetary remedy is granted, the Postal Service adds, it should not also be required to insource any of the remaining routes as that would exceed restoration of the status quo. Moreover, to avoid future disputes on those regional grievances held pending the outcome of the instant case, the Postal Service requests that the Award in this proceeding clearly establish that such grievances are resolved by the Award in this case.

FINDINGS

The evidence as a whole falls short of showing intentional or willful failure to comply with the 2016 HCR Award on the part of the Postal Service. The evidence does show that the Postal Service at the Headquarters level did not effectively ensure that the affected

districts completed timely conversion of all of the jointly agreed to routes, particularly in the face of some at least passive local resistance. The Postal Service stresses that 90 of the 110 routes now have been converted, but not only was this incomplete compliance, but the conversions that were effected were not timely.

It was perhaps predictable that the Postal Service would not favorably view the required conversion of certain HCR routes to PVS that was ordered in the 2016 HCR Award. But, as stated in my Award, such an order was deemed necessary "to remedy the harm to the Union and the bargaining unit arising from...[the "widespread and repeated" violation of Article 32.2] and to impress upon the Postal Service its obligation to fully comply with the procedures it agreed to with the Union." That being said, the circumstances preceding the 2016 HCR Award, including the situation addressed by Arbitrator Goldberg in his 2015 award, are not directly germane to resolution of the current remedial dispute.

In the parties' May 17, 2017 MOU, the Postal Service agreed that it would convert the 110 identified HCR routes "no later than September 1, 2017." Although it had leased all the necessary motor vehicles by then, the Postal Service did not meet this deadline. None of the routes was converted by September 1, 2017, and only 51 were converted by May 14, 2018, when the parties agreed to the Addendum to the May 17, 2017 MOU.

Although out of compliance with the agreed September 1, 2017 deadline, the Postal Service did complete conversion of 74 of the 110 routes by the end of 2018. Such conversions are neither easy, nor quick. The essential problem is staffing -- particularly in a period when the Postal Service already was facing a shortage of PVS drivers. The Postal Service explained its reasons for attempting to hire PSEs to do this "new work", which realistically might last only four years, but that led to assignment and retention problems in the interim before a sufficient number of qualified employees were in place to actually effectuate the route conversion(s) at a particular location.

For unexplained reasons, continued conversion of routes in 2019 was much slower than before -- only a total of six routes were converted in all of 2019. Four more

conversions occurred in the first four months of 2020 before the pandemic took hold. Six additional conversions were completed thereafter prior to the hearing in November 2020.[4]

As the Union points out, the Postal Service did not invoke my retained jurisdiction to seek relief from the terms of the 2016 HCR Award or the May 2017 MOU. The Postal Service also did not dispute or explain why it did not pursue possible alternate routes with the Union, if there were hiring problems at certain locations.

A failure to comply with an arbitration award's remedial order, as modified by the parties' subsequent MOU, is analogous to failure to comply with a cease and desist order. As such, the Union is entitled to an appropriate additional remedy for this failure, as well as prompt compliance by the Postal Service with its remaining outstanding obligations.

The Union seeks an arbitral order at this time that includes the following two demands:

- Providing that the routes converted to PVS routes pursuant to the Award in this case must remain PVS routes until four years after all 110 routes have been fully converted to PVS routes;

- Requiring the Postal Service to make the bargaining unit whole by making a monetary payment to the bargaining unit calculated by multiplying the number of work hours that would have been worked by employees in the bargaining unit if the Postal Service had complied with the September 1, 2017, deadline for the conversion of 110 routes to PVS, but which were not worked by bargaining unit employees because of the Postal Service failure to meet that deadline....

The Postal Service insists that these demands go beyond a make whole order and are not proportional to the harm caused to the Union and the bargaining unit. In particular, the Postal Service stresses that there has been no harm to current members of the bargaining unit, all of whom are fully employed. The insourced work and the work yet to be insourced was and will be

[4] Evidently, there have been no further conversions through March 2021.

assigned to new hires. The Postal Service further asserts that it has made a good faith effort to comply with the 2016 HCR Award, and that the Union is seeking a punitive remedy.

The PVS bargaining unit as a whole has been harmed by the Postal Service's failure to convert the work at issue as provided for in the 2016 HCR Award and subsequent May 2017 MOU. Individual employees possibly may have been deprived of additional earnings opportunities. Moreover, while there is some basis to the claim that the Union is seeking a punitive remedy, some such remedy seems reasonably necessary to induce the Postal Service to fully honor its contractual obligations. The evidence may not establish that the Postal Service has acted in bad faith, but it also has not maximized its efforts to comply over a lengthy period of years.[5] The Postal Service asks for more time to complete conversion of the remaining 20 routes, but provides no firm indication of when it believes that reasonably can be concluded, which it insists it can accomplish.

Under all the circumstances, including the likely impact of the widespread pandemic, I will direct the Postal Service to complete conversion of the remaining 20 routes -- or agreed alternatives -- as soon as reasonably practicable, and to provide the Union with a projected timetable within 45 days of this decision -- unless otherwise agreed. I also will grant the bargaining unit a monetary remedy based on the number of additional hours that would have been worked on unconverted routes if they had been timely converted during the periods from January 1, 2019 through March 31, 2020 and, prospectively, from July 1, 2021 until the conversions are completed. That, on balance, constitutes an overall appropriate remedy in my judgment. I am not persuaded that the Union's demand that converted routes must remain PVS routes until four years after all 110 routes have been fully converted is appropriate. That would go substantially beyond the remedy provided in the underlying grievance by the 2016 HCR Award.

---

[5] The Postal Service indicated that the Union rejected certain of its proposed initiatives, but in the Union's view those initiatives negatively affected or could have affected its members. The Union has not been shown to have acted unreasonably.

The Postal Service also must comply with the obligations it agreed to in the May 17, 2017 MOU and May 14, 2018 Addendum thereto. This includes the requirement to provide a monthly report as stated in Paragraph 3 of the Addendum. If there is no substantial new information to convey in a particular month, the Postal Service can so indicate, but still must provide the report.

I address one additional matter. In this national arbitration proceeding, the Union seeks a remedy for failure of the Postal Service to comply with my 2016 HCR Award. Evidently, regional grievances on the same matter are being held in abeyance by agreement pending the determination in this national proceeding. While I do not have jurisdiction over those regional grievances, and make no ruling on them, the present decision addresses and applies to the Postal Service's national failure to comply with the remedy provided in the 2016 HCR Award over which I have retained jurisdiction.

• • •

In accordance with my retained jurisdiction in Case No. Q06C-4Q-C 11182451, decided on August 18, 2016, and the above Findings, I issue the following:

ORDER

1. The Postal Service is directed to complete the conversion of the remaining routes -- or agreed alternatives -- as soon as reasonably practical and to provide the Union with a projected timetable within 45 days of this Order -- unless otherwise agreed.

2. The Postal Service is directed to make the bargaining unit whole by making a monetary payment calculated by multiplying the number of additional work hours that would have been worked by employees in the bargaining unit if the

Postal Service had completed the required conversions during the periods from January 1, 2019 through March 31, 2020 and, prospectively, from July 1, 2021 until the conversions are completed. The Union will be responsible for ensuring that the amount so paid is expended for the benefit of PVS employees in the bargaining unit.

3. I retain jurisdiction for 90 days to resolve any matters relating to implementation of this Order.

SUBJECT: Rocky Hill - MVS/HCR Coversion

TO: Bill Ayers, Manager
Springfield TMSC

The subject service came to this offices attention via a letter from the APWU - Motor Vehicle Divisions. As a result of our review it was determined that subject service placed on HCR06031 was derived from "gutting" established PVS runs.

This office conferred with Ed Gentile on June 22 and advised him that actions taken in adding Rocky Hill to HCR06031 was in direct conflict with our policy on PVS conversions. Mr Gentile was advised to place it back on PVS and pay subject contractor indemnity.

Your package dated July 19th for reconsideration has not presented any additional information that would reverse our decision. It appears instead of having nine schedules that encompassed Rocky Hill we now have one condensed schedule. We are confronted with the same problem and that is we are picking and choosing from a PVS schedule to add Rocky Hills service to HCR 06031.

You are therefore to leave Rocky Hill on PVS and delete from HCR06031 and pay contractor appropriate indemnity.

Dear Mr. Ross:

This letter is in response to your June 27 correspondence alleging that local management in Woburn, Massachusetts is "gutting" PVS service in order to give it to HCR.

You are correct in your understanding of the policy at the Transportation Management Office, Headquarters, that "gutting" of PVS service to award runs to HCR is not acceptable.

However, circumstances are reviewed on a case-by-case basis to determine if "gutting" is the reason. In the Woburn, MA., situation, this is not the case, PVS was given this route on a temporary basis, while logistical building and operational considerations were being worked out. The Highway Contractor has had the route since 1969, and because of moving and space requirements, he agreed to let PVS conduct the runs until the operation could be moved into a new facility.

Enclosed is a more detailed explanation, along with the signed understanding of the contractor that this was a temporary transferral of the run to PVS.

If there are any further questions concerning this matter, please contact Peter Sgro of my staff at 268-3824.

Re: USPS to close the Stockton Surface Transfer Center (STC) operations in the following locations and to contract with a third-party to establish and staff new STC facilities.

Dear Sirs and Brothers:

Please find enclosed a copy of the above referenced documents from the Postal Service regarding its decision to outsource Surface Transfer Center (STC) operations in the following locations and to contract with a third-party to establish and staff new STC facilities. The identified locations are as follows:

- New Jersey STC — Jersey City, NJ
- Springfield STC — Springfield, MA
- Southern California (SoCal) STC — Bell, CA
- Northern California (NorCal) STC — Richmond, CA

According to the Postal Service, the outsourcing of work to new STC facilities will ensure the continuity of the STC network by facilitating the cross-utilization of mail being sent at peak postal-to-peak across the postal network. It will also maximize the labor consolidation between final destination points in an effort to reduce Postal Service operating costs and improve efficiency.

No contractual issues of the foregoing are to be discussed.

Please disseminate the information as you deem appropriate and should you have any questions, or comments with regard to the foregoing, please contact the office or forward your responses to the Contract Administration Department.

To Whom it May Concern,

The purpose of this communication is to verify the following information in regards to the discontinuation of the STC runs by the postal service:

My name is Donald T. Beckerman; employee number 04316900. I was executing run B802 to the Secaucus, New Jersey STC on Tuesdays thru Saturdays, leaving at 2:00am and arriving at STC 3:35am.

I began doing this STC run in January of 2016. I ceased doing this run October 12th 2021 due to its discontinuation by the postal service.

Thank you for your kind attention.

Sincerely,

Donald T. Beckerman

PREAMBLE

This Agreement (referred to as the **2018** National Agreement) is entered into by and between the United States Postal Service (hereinafter referred to as the "Employer") and the American Postal Workers Union, AFL-CIO (hereinafter referred to as the "Union"), pursuant to an Arbitration Award issued **March 10, 2020**. The Agreement is effective as of **March 10, 2020**, unless otherwise provided.

ARTICLE 1
UNION RECOGNITION

Section 1. Union

The Employer recognizes the Union designated below as the exclusive bargaining representative of all employees in the bargaining unit for which each has been recognized and certified at the National Level:

American Postal Workers Union, AFL-CIO - Maintenance Employees

American Postal Workers Union, AFL-CIO - Motor Vehicle Employees

American Postal Workers Union, AFL-CIO - Postal Clerks

- The Special Delivery Messengers were merged into the Clerk Craft by Memorandum of Understanding dated November 20, 1997.

American Postal Workers Union, AFL-CIO - Mail Equipment Shops Employees

American Postal Workers Union, AFL-CIO - Material Distribution Centers Employees

American Postal Workers Union, AFL-CIO - Operating Services and Facilities Services Employees

Article 1.2

Section 2. Exclusions

The employee groups set forth in Section 1 above do not include, and this Agreement does not apply to:

1. managerial and supervisory personnel;
2. professional employees;
3. employees engaged in personnel work in other than a purely non-confidential clerical capacity;
4. security guards as defined in Public Law 91-375, 1201(2);
5. all Postal Inspection Service employees;
6. Rural Letter Carriers;
7. Mail Handlers; or
8. Letter Carriers.

(See Memo, page 270)

Section 3. Facility Exclusions

This Agreement does not apply to employees who work in other Employer facilities which are not engaged in customer services and mail processing, previously understood and expressed by the parties to mean mail processing and delivery, including but not limited to Headquarters (except Operating Services), Area Offices, Information Service Centers, Postal Service Training and Development Institute, Postal Academies or Postal Academy Training Institute.

However, work performed by bargaining unit employees as of May 23, 2011, will not be covered by the facility exclusion solely due to moving the work into an excluded facility.

Section 4. Definition

Subject to the foregoing exclusions, this Agreement shall be applicable to all employees in the regular workforce of the U.S. Postal Service, as defined in Article 7, at all present and subsequently acquired installations, facilities, and operations of the Employer, wherever located.

Section 5. New Positions

A. Each newly created or revised position which contains non-managerial and non-supervisory duties shall be assigned by the Employer to the National craft unit most appropriate for such position within thirty (30) days after its creation or revision. In addition, the Employer shall identify all new non-managerial and non-supervisory work and assign such work at the National Level to the National craft unit most appropriate for performance of such work within thirty (30) days of having done so. Before such assignment of each new or revised position or non-managerial and non-supervisory work the Employer shall consult with the Union signatory to this Agreement for the purpose of assigning the new or revised position or non-managerial and non-supervisory work to the National craft unit most appropriate for such position. The following criteria shall be used in making this determination:

1. existing work assignment practices;
2. manpower costs;
3. avoidance of duplication of effort and "make work" assignments;
4. effective utilization of manpower, including the Postal Service's need to assign employees across craft lines on a temporary basis;
5. the integral nature of all duties which comprise a normal duty assignment;
6. the contractual and legal obligations and requirements of the parties.

B. The Union party to this Agreement shall be notified promptly by the Employer regarding assignments made under this provision. Should the Union dispute the assignment of the new position within thirty (30) days from the date the Union has received notification of the assignment of the position, the dispute shall be subject to the provisions of the grievance and arbitration procedure provided for herein.

(See Memos, pages 269, 270)

Section 6. Performance of Bargaining Unit Work

A. Supervisors are prohibited from performing bargaining unit work at post offices with 100 or more bargaining unit employees, except:

1. in an emergency;
2. for the purpose of training or instruction of employees;
3. to assure the proper operation of equipment;
4. to protect the safety of employees; or
5. to protect the property of the USPS.

B. In offices with less than 100 bargaining unit employees, supervisors are prohibited from performing bargaining unit work except as enumerated in Section 6.A.1 through 5 above or when the duties are included in the supervisor's position description.

(See Memos, pages 270, 271)

(The preceding Article, Article 1, shall apply to PSEs)

ARTICLE 2
NONDISCRIMINATION AND CIVIL RIGHTS

Section 1. Statement of Principle

The Employer and the Union agree that there shall be no discrimination by the Employer or the Union against employees because of race, color, creed, religion, national origin, sex, **(including pregnancy),** age, or marital status.

In addition, consistent with the other provisions of this Agreement, there shall be no unlawful discrimination against **individuals with disabilities**, as prohibited by the Rehabilitation Act.

(See Memos, pages 273, 274)

Section 2. Committees

There are established at the National and APWU Regional/ USPS Area Levels Joint Committees on Human Rights. The Committees will be composed of responsible representatives

of the Union and responsible management officials. The Committees may develop affirmative action proposals on all matters affecting minority groups. The Committees will also be advised of the plan for site selection for facilities planned for national postal mail networks and major metropolitan areas, and review availability of adequate housing and public transportation. The Committees shall meet as required at mutually agreeable times.

Section 3. Grievances

Grievances arising under this Article may be filed at Step 2 of the grievance procedure within fourteen (14) days of when the employee or the Union has first learned or may reasonably have been expected to have learned of the alleged discrimination, unless filed directly at the National Level, in which case the provisions of this Agreement for initiating grievances at that level shall apply.

(The preceding Article, Article 2, shall apply to PSEs)

ARTICLE 3
MANAGEMENT RIGHTS

The Employer shall have the exclusive right, subject to the provisions of this Agreement and consistent with applicable laws and regulations:

A. to direct employees of the Employer in the performance of official duties;

B. to hire, promote, transfer, assign, and retain employees in positions within the Postal Service and to suspend, demote, discharge, or take other disciplinary action against such employees;

C. to maintain the efficiency of the operations entrusted to it;

D. to determine the methods, means, and personnel by which such operations are to be conducted;

E. to prescribe a uniform dress to be worn by designated employees; and

F. to take whatever actions may be necessary to carry out its mission in emergency situations, i.e., an unforeseen circumstance or a combination of circumstances which calls for immediate action in a situation which is not expected to be of a recurring nature.

(The preceding Article, Article 3, shall apply to PSEs)

ARTICLE 4
TECHNOLOGICAL AND MECHANIZATION CHANGES

Both parties recognize the need for improvement of mail service.

Section 1. Advance Notice

The Union party to this Agreement will be informed as far in advance as practicable, but no less than 30 days in advance, of implementation of technological or mechanization changes which affect jobs including new or changed jobs in the area of wages, hours or working conditions. When major new mechanization or equipment is to be purchased and installed, the Union at the National Level will be informed as far in advance as practicable, but no less than 90 days in advance.

Section 2. Labor-Management Committee

There shall be established at the National Level, as a subcommittee of the National Level Joint Labor-Management Committee, a Labor-Management Technological or Mechanization Changes Committee composed of an equal number of representatives of management and the APWU. The subcommittee shall meet semiannually, or as necessary, from the conceptual stage onward, to discuss any issues concerning proposed technological and mechanization changes which may affect jobs, including new or changed jobs, which affect the wages, hours, or working conditions of the bargaining unit. For example, the Postal Service will keep the Union

3. Preference eligibles are not deprived of whatever rights of appeal such employees may have under applicable laws and regulations. However, if an employee exercises these appeal rights, the employee thereby waives access to any procedure under this Agreement beyond Step 3 of the grievance- arbitration procedure.

G. Intent

The Employer shall not lay off, reduce in force, or take any other action against a non-protected employee solely to prevent the attainment of that employee of protection status.

ARTICLE 7
EMPLOYEE CLASSIFICATION

Section 1. Definition and Use

A. Regular Workforce. The regular workforce shall be comprised of two (2) categories of employees which are as follows:

1. **Full-Time.** Employees in this category shall be hired pursuant to such procedures as the Employer may establish and shall be assigned to regular schedules consisting of five (5) eight (8) hour days in a service week.

2. **Part-Time.** Employees in this category shall be hired pursuant to such procedures as the Employer may establish and shall be assigned to regular schedules of less than forty (40) hours in a service week, or shall be available to work flexible hours as assigned by the Employer during the course of a service week.

B. Postal Support Employees (PSEs)

1. The PSE workforce shall be comprised of noncareer bargaining unit employees.

2. During the course of a service week, the Employer will make every effort to ensure that qualified and available part-time flexible employees are utilized at the straight-time rate prior to assigning such work to PSEs.

3. In the Motor Vehicle Craft, PSEs will be permitted in the craft only when created in accordance with Paragraph 2 in the 2010 Motor Vehicle Craft Jobs MOU.

(See Postal Support Employees Memoranda, Attachment B, page 265)

4. In the Clerk Craft, the total number of PSEs used in mail processing (Function 1) within a District, will not exceed 20% of the total number of career mail processing (Function 1) Clerk Craft employees within that District, except in accounting periods 3 and 4. The total number of PSEs used in retail/customer services (Function 4) within a District will not exceed 20% of the total number of career retail/customer services (Function 4) Clerk Craft employees within that District. The number of PSEs derived from the retail/customer services (Function 4) percentage may be used in Function 1 and when doing so will not count against the 20% mail processing (Function 1) District cap.

(PSEs employed in POStPlan offices will not count against the 20% District cap except as provided for in the POStPlan Memo Re: *POStPlan: Staffing of Offices, Filling of Assignments, PSE Usage and Conversions* dated 9/22/2014)

5. In Level 22 and above offices, PSEs in retail/ customer services (Function 4) who work the window will not exceed 10% of the career retail clerks in that installation whose duties include working the window. The rounding up rule of .5 and above applies.

In Level 21 and below offices, PSEs in retail/ customer services (Function 4) who work the window will not exceed 20% of the career retail clerks in that installation whose duties include working the window. The rounding up rule of .5 and above applies.

When the hours worked by a PSE on the window demonstrates the need for a full-time preferred duty assignment, such assignment will be posted for bid within the section. PSE employees who work the window may work in relief of employees holding duty assignments on the window.

6. Any non-APWU bargaining unit employee on light or limited duty in an APWU craft or on a rehabilitation assignment in an APWU craft who does not hold a bid assignment will not be counted as a career employee for the purpose of determining the number of PSEs who may be employed in that APWU craft.

7. In addition to the caps in Paragraph **4** above, PSEs will not be counted towards the allowable percentages of PSEs within a District when employed for new work that is brought into the bargaining units covered by this Agreement, including work being contracted out that is brought in-house, as follows:

   a. In the Clerk Craft, in any former Contract Postal Unit (CPU) that is brought back in-house, unless it is a full-service unit or it primarily provides postal services.

   b. The Employer and the Union may agree upon the use of additional PSEs in other circumstances when new or contracted work is brought in-house, or when new retail initiatives that are not full-service post offices are established.

8. The Postal Service will provide a report, every four-week reporting period with information needed to monitor compliance with the provisions above, i.e., the total number of career bargaining unit employees and PSEs by craft, function, installation and District.

9. PSEs shall be hired from an appropriate register pursuant to such procedures as the Employer may establish. They will be hired for a term not to exceed 360 calendar days per appointment. Such employees have no daily or weekly work hour guarantees, except as provided for in Article 8.8.D. PSEs will have a break in service of at least five (5) days, if reappointed.

(See Postal Support Employees Memoranda, page 248)

Section 2. Employment and Work Assignments

A. Normally, work in different crafts, occupational groups or levels will not be combined into one (1) job. However, to provide maximum full-time employment and provide necessary flexibility, management may establish full-time schedule assignments by including work within different crafts or occupational groups after the following sequential actions have been taken:

1. all available work within each separate craft by tour has been combined;
2. work of different crafts in the same wage level by tour has been combined.

The appropriate representatives of the affected Unions will be informed in advance of the reasons for establishing the combination full-time assignments within different crafts in accordance with this Article.

B. In the event of insufficient work on any particular day or days in a full-time or part-time employee's own scheduled assignment, management may assign the employee to any available work in the same wage level for which the employee is qualified, consistent with the employee's knowledge and experience, in order to maintain the number of work hours of the employee's basic work schedule.

C. During exceptionally heavy workload periods for one (1) occupational group, employees in an occupational group experiencing a light workload period may be assigned to work in the same wage level, commensurate with their capabilities, to the heavy workload area for such time as management determines necessary.

(See Memo, page 278)

Section 3. Employee Complements

A. The Employer shall staff all postal installations in the regular workforce as of the date of this Agreement as follows:

1. With respect to the Clerk Craft, there will no longer be part-time flexible (PTF) employees working in Function 1 or in post offices Level 21 and above. Part-time flexible (PTF) employees may work in Function 4 offices Level 20 and below. Offices, Level 20 and below, remain subject to the Article 7.3.B obligations to maximize the number of full-time employees and minimize the number of part-time flexible employees who have no fixed work schedules.

   There will no longer be part-time regular (PTR) employees in the Clerk Craft.

2. With respect to the Motor Vehicle Craft, part-time flexible (PTF) employees will be capped at twenty percent (20%) of the Motor Vehicle Craft career complement by installation. The rounding up rule of .5 shall apply.

(See Memo, page 390)

3. With respect to all other crafts, installations shall be staffed in accordance with the provisions of this Agreement.

(See Memos, pages 278 and 281)

B. The Employer shall maximize the number of full-time employees and minimize the number of part-time employees who have no fixed work schedules in all postal installations.

C. A part-time flexible employee working eight (8) hours within ten (10), on the same five (5) days each week and the same assignment over a six-month period will demonstrate the need for converting the assignment to a full-time position.

(See Memos, pages 279 and 281)

D. The total number of part-time regular employees who may be employed shall not exceed 2.5% of the total number of Maintenance Craft career employees covered by this Agreement.

ARTICLE 8
HOURS OF WORK

Section 1. Work Week

The work week for full-time regulars shall be forty (40) hours per week, eight (8) hours per day within ten (10) consecutive hours, provided, however, that in all offices with more than 100 full-time employees in the bargaining units the normal work week for full-time regular employees will be forty (40) hours per week, eight (8) hours per day within nine (9) consecutive hours. Shorter work weeks will, however, exist as needed for part-time regulars.

(See Memo, page 278)

Section 2. Work Schedules

A. The employee's service week shall be a calendar week beginning at 12:01 a.m. Saturday and ending at 12 midnight the following Friday.

B. The employee's service day is the calendar day on which the majority of work is scheduled. Where the work schedule is distributed evenly over two (2) calendar days, the service day is the calendar day on which such work schedule begins.

C. The employee's normal work week is five (5) service days, each consisting of eight (8) hours, within ten (10) consecutive hours, except as provided in Section 1 of this Article. As far as practicable the five (5) days shall be consecutive days within the service week.

D. In postal installations which have 200 or more **workyears** of employment in the regular workforce, career employees in mail processing operations, transportation and vehicle maintenance facility operations will have consecutive scheduled days off, unless otherwise agreed to by the parties at the Local Level.

(See Memos, pages 278 and 281)

Section 3. Exceptions

The above shall not apply to part-time employees and PSEs.

Part-time employees will be scheduled in accordance with the above rules, except they may be scheduled for less than eight (8) hours per service day and less than forty (40) hours per normal work week.

PSEs will be scheduled in accordance with Section 2.A and B, of this Article.

Section 4. Overtime Work

A. Overtime pay is to be paid at the rate of one and one-half (1½) times the basic hourly straight-time rate.

B. Overtime shall be paid to employees for work performed only after eight (8) hours on duty in any one (1) service day or forty (40) hours in any one (1) service week. Nothing in this Section shall be construed by the parties or any reviewing authority to deny the payment of overtime to employees for time worked outside of their regularly scheduled work week at the request of the Employer.

C. Penalty overtime pay is to be paid at the rate of two (2) times the basic hourly straight-time rate. Penalty overtime pay will not be paid for any hours worked in the month of December.

D. Penalty overtime pay will be paid to full-time regular employees for any overtime work in contravention of the restrictions in Section 5.F.

E. Excluding December, part-time flexible employees will receive penalty overtime pay for all work in excess of ten (10) hours in a service day or fifty-six (56) hours in a service week.

F. Wherever two (2) or more overtime or premium rates may appear applicable to the same hour or hours worked by an employee, there shall be no pyramiding or adding together of such overtime or premium rates and only the higher of the employee's applicable rates shall apply.

G. Overtime Work PSEs

PSEs shall be paid overtime for work performed **only after eight (8) hours on duty in any one (1) service day or** forty (40) work hours in any one (1) service week. Overtime pay for PSEs is to be paid at the rate of one and one-half (1½) times the basic hourly straight-time rate.

Article 8.4.C, 8.4.E, and 8.4.F related to penalty overtime, will apply to PSEs. Excluding December, PSEs will receive penalty overtime pay for all work in excess of ten (10) hours in a service day or fifty-six (56) hours in a service week. Wherever two (2) or more overtime or premium rates may appear applicable to the same hour or hours worked by a PSE, there shall be no pyramiding or adding together of such overtime or premium rates and only the higher of the PSE's applicable rates shall apply.

When an opportunity exists for overtime for qualified and available full-time employees, doing similar work in the work location where the employees regularly work, prior to utilizing a PSE in excess of eight (8) work hours in a service day, such qualified and available full-time employees on the appropriate Overtime Desired List will be selected to perform such work in order of their seniority on a rotating basis.

(See Postal Support Employees Memoranda, page 248)

Section 5. Overtime Assignments

When needed, overtime work for regular full-time employees shall be scheduled among qualified employees doing similar work in the work location where the employees regularly work in accordance with the following:

A. Two (2) weeks prior to the start of each calendar quarter, full-time regular employees desiring to work overtime during that quarter shall place their names on an Overtime Desired List.

B. Lists will be established by craft, section, or tour in accordance with Article 30, Local Implementation.

C. 1. a. When during the quarter the need for overtime arises, employees with the necessary skills having listed their names will be selected in order of their seniority on a rotating basis.

b. Those absent or on leave shall be passed over.

D. If the voluntary Overtime Desired List does not provide sufficient qualified people, qualified full-time regular employees not on the list may be required to work overtime on a rotating basis with the first opportunity assigned to the junior employee.

E. Exceptions to C and D above, if requested by the employee, may be approved by Local management in exceptional cases based on equity (e.g., anniversaries, birthdays, illness, deaths).

F. Excluding December, no full-time regular employee will be required to work overtime on more than four (4) of the employee's five (5) scheduled days in a service week or work over ten (10) hours on a regularly scheduled day, over eight (8) hours on a nonscheduled day, or over six (6) days in a service week.

G. Full-time employees not on the Overtime Desired List may be required to work overtime only if all available employees on the Overtime Desired List have worked up to twelve (12) hours in a day or sixty (60) hours in a service week. Employees on the Overtime Desired List:

1. may be required to work up to twelve (12) hours in a day and sixty (60) hours in a service week (subject to payment of penalty overtime pay set forth in Section 4.D for contravention of Section 5.F); and
2. excluding December, shall be limited to no more than twelve (12) hours of work in a day and no more than sixty (60) hours of work in a service week.

However, the Employer is not required to utilize employees on the Overtime Desired List at the penalty overtime rate if qualified employees on the Overtime Desired List who are not yet entitled to penalty overtime are available for the overtime assignment.

(See Memos, pages 287 and 293)

Section 6. Sunday Premium Payment

Each employee whose regular work schedule includes a period of service, any part of which is within the period commencing at midnight Saturday and ending at midnight Sunday, shall be paid extra compensation at the rate of 25% of the employee's base hourly rate of compensation for each hour of work performed during that period of service. An employee's regularly scheduled reporting time shall not be changed on Saturday or Sunday solely to avoid the payment of Sunday premium payment.

Section 7. Night Shift Differential

For time worked between the hours of 6:00 p.m. and 6:00 a.m., employees shall be paid additional compensation at the applicable flat dollar amount at each pay grade and step in accordance with the attached table (Table Two and Table Three).

Section 8. Guarantees

A. An employee called in outside the employee's regular work schedule shall be guaranteed a minimum of four (4) consecutive hours of work or pay in lieu thereof where less than four (4) hours of work is available. Such guaranteed minimum shall not apply to an employee called in who continues working on into the employee's regularly scheduled shift.

B. When a full-time regular employee is called in on the employee's nonscheduled day, the employee will be guaranteed eight (8) hours work or pay in lieu thereof.

C. The Employer will guarantee all employees at least four (4) hours work or pay on any day they are requested or scheduled to work in a post office or facility with 200 or more **workyears** of employment per year. All employees at other post offices and facilities will be guaranteed two (2) hours work or pay when requested or scheduled to work.

D. Any PSE who is scheduled to work and who reports shall be guaranteed two (2) hours of work or pay. **Any PSE employee who is scheduled to work and who reports to work in a post office or facility with 200 or more workyears of employment shall be guaranteed four (4) hours of work or pay.**

E. In the Motor Vehicle Craft, PTFs will be guaranteed a minimum work schedule of twenty-four (24) hours per pay period.

(See Memo, page 390)

Section 9. Wash-Up Time

Installation heads shall grant reasonable wash-up time to those employees who perform dirty work or work with toxic materials. The amount of wash-up time granted each employee shall be subject to the grievance procedure.

(The preceding paragraph, Article 8.9, shall apply to PSEs)

ARTICLE 9
SALARIES AND WAGES

Section 1. Basic Annual Salary

The basic annual salary schedules, with proportional application to hourly rate employees, for those employees covered under the terms and conditions of this Agreement shall be increased as follows:

Effective **November 24, 2018**—the basic annual salary for each grade and step shall be increased by an amount equal to **1.3%** of the basic annual salary for the grades and steps in effect on **September 20, 2018**. (Table 1)

Effective **November 23, 2019**—the basic annual salary for each grade and step shall be increased by an amount equal to **1.1%** of the basic annual salary for the grades and steps in effect on **September 20, 2018**. (Table 1)

Effective **November 21, 2020**—the basic annual salary for each grade and step shall be increased by an amount equal to **1.0%** of the basic annual salary for the grades and steps in effect on **September 20, 2018**. (Table 1)

Upon the employee's written request, any disciplinary notice or decision letter will be removed from the employee's official personnel folder after two (2) years if there has been no disciplinary action initiated against the employee in that two-year period.

(Additional provisions regarding the discipline or removal of PSEs can be found in the Postal Support Employees Memoranda, page 248)

ARTICLE 17
REPRESENTATION

Section 1. Stewards

Stewards may be designated for the purpose of investigating, presenting and adjusting grievances.

Section 2. Appointment of Stewards

A. The Union will certify to the Employer in writing a steward or stewards and alternates in accordance with the following general guidelines. Where more than one (1) steward is appointed, one (1) shall be designated chief steward. The selection and appointment of stewards or chief stewards is the sole and exclusive function of the Union. Stewards will be certified to represent employees in specific work location(s) on their tour; provided no more than one (1) steward may be certified to represent employees in a particular work location(s). The number of stewards certified shall not exceed, but may be less than, the number provided by the formula hereinafter set forth.

Employees in the same craft per tour or station:

Up to 49	1 steward
50 to 99	2 stewards
100 to 199	3 stewards
200 to 499	5 stewards
500 or more	5 stewards plus additional steward for each 100 employees

B. At an installation, the Union may designate in writing to the Employer one (1) Union officer actively employed at that installation to act as a steward to investigate, present and adjust a specific grievance or to investigate a specific problem to determine whether to file a grievance. The activities of such Union officer shall be in lieu of a steward designated under the formula in Section 2.A and shall be in accordance with Section 3. Payment, when applicable, shall be in accordance with Section 4.

C. To provide steward service to installations with twenty or less craft employees where the Union has not certified a steward, a Union representative certified to the Employer in writing and compensated by the Union may perform the duties of a steward.

D. At the option of the Union, representatives not on the Employer's payroll shall be entitled to perform the functions of a steward or chief steward, provided such representatives are certified in writing to the Employer at the Area Level and providing such representatives act in lieu of stewards designated under the provisions of 2.A or 2.B above.

E. A steward may be designated to represent more than one (1) craft, or to act as a steward in a craft other than his/her own, whenever the Union so agrees, and notifies the Employer in writing. Any steward designations across craft lines must be in accordance with the formula set forth in Section 2.A above.

(The preceding Section, Article 17.2, shall apply to PSEs)

Section 3. Rights of Stewards

When it is necessary for a steward to leave his/her work area to investigate and adjust grievances or to investigate a specific problem to determine whether to file a grievance, the steward shall request permission from the immediate supervisor and such request shall not be unreasonably denied.

In the event the duties require the steward leave the work area and enter another area within the installation or post office, the steward must also receive permission from the supervisor from the other area he/she wishes to enter and such request shall not be unreasonably denied.

(See Memo, page 339)

The steward, chief steward or other Union representative properly certified in accordance with Section 2 above, may request and shall obtain access through the appropriate supervisor to review the documents, files and other records necessary for processing a grievance or determining if a grievance exists and shall have the right to interview the aggrieved employee(s), supervisors and witnesses during working hours. Such requests shall not be unreasonably denied.

While serving as a steward or chief steward, an employee may not be involuntarily transferred to another tour, to another station or branch of the particular post office or to another independent post office or installation unless there is no job for which the employee is qualified on such tour, or in such station or branch, or post office.

If an employee requests a steward or Union representative to be present during the course of an interrogation by the Inspection Service, such request will be granted. All polygraph tests will continue to be on a voluntary basis.

(See Memos, page 320 and 339)

(The preceding Section, Article 17.3, shall apply to PSEs)

Section 4. Payment of Stewards

The Employer will authorize payment only under the following conditions:

Grievances:

Steps 1 and 2 — The aggrieved and one (1) Union steward — (only as permitted under the formula in Section 2.A) for time actually spent in grievance handling, including investigation and meetings with the Employer. The Employer will also compensate a steward for the time reasonably necessary to write a grievance. In addition, the Employer will compensate any witnesses for the time required to attend a Step 2 meeting.

Meetings called by the Employer for information exchange and other conditions designated by the Employer concerning contract application.

Employer authorized payment as outlined above will be granted at the applicable straight-time rate, providing the time spent is a part of the employee's or steward's (only as provided for under the formula in Section 2.A) regular work day.

(The preceding Section, Article 17.4, shall apply to PSEs)

Section 5. Joint Labor-Management Committee Meetings

A. The APWU through its designated agents shall be entitled at the National, APWU Regional/USPS Area, and Local Levels, and at such other intermediate levels as may be appropriate, to participate in regularly scheduled Joint Labor-Management Committee meetings for the purpose of discussing, exploring, and considering with management matters of mutual concern; provided neither party shall attempt to change, add to or vary the terms of this Collective Bargaining Agreement. The Local Joint Labor-Management Committee will meet as needed, but not less than once every quarter unless otherwise provided in the parties' Local Memorandum of Understanding.

B. The National Level Joint Labor-Management Committee will be co-chaired by the President of the APWU and the Postal Service Vice President of Labor Relations and be comprised of an equal number of representatives for each party as agreed by the parties. This Committee will meet as needed, but no less than once every two (2) months to fulfill the purposes and goals described below.

The purposes and goals of the National Level Joint Labor-Management Committee will be to:

1. promote more effective, open and continuous involvement between the parties to further enhance a positive working relationship and advance labor-management cooperation between the parties;
2. jointly pursue strategies which emphasize improving employee working conditions and satisfying the customer in terms of service and costs;
3. work together to seek ways of improving customer service, increasing revenue, and reducing postal costs; and

4. provide an opportunity to jointly discuss new Postal Service initiatives during their development, inasmuch as those initiatives might impact on employees or as they might relate to employee working conditions. These discussions may include, but are not limited to, the creation of new position descriptions; modifications to facilities; technological and mechanization changes; automation implementation; and the development of new facilities and designs.

C. As needed, the National Level Joint Labor-Management Committee, through mutual agreement, will create subcommittees to deal with specific issues. All other National Level Committees established pursuant to the terms of this Agreement, including Safety & Health, Ergonomics and Training, shall function as subcommittees of the National Level Joint Labor-Management Committee. All subcommittees already established or created by the National Level Joint Labor-Management Committee will report to such Committee, as necessary, on their specific issues of concern and provide updated information.

D. In order to further recognize and effect Union/ Management cooperation, there will be four (4) National Level craft subcommittees created, one (1) for each APWU craft, for the purpose of jointly addressing specific issues of contract administration for each such craft. These subcommittees will be co-chaired by the APWU Craft Directors of each craft and the Postal Service Manager of Contract Administration or his/her designee. At the Union's request, the appropriate operational manager will attend meetings to address the Union's concerns or respond to questions on specific operational issues. Neither party shall attempt to change, add or vary the terms of this Collective Bargaining Agreement through these subcommittees.

E. Meetings at the National and APWU/Regional USPS Area (except as to the Christmas operation) Levels will not be compensated by the Employer. The Employer will compensate one (1) designated representative from the Union concerned with the subject matter of the meeting for

actual time spent in the meeting at the applicable straight-time rate, providing the time spent in such meetings is a part of the employee's regular scheduled work day.

(See Memo, page 327)

Section 6. Union Participation in New Employee Orientation

During the course of any employment orientation program for new career or noncareer employees, or in the event a current postal employee is reassigned to an APWU bargaining unit, a representative of the Union representing the craft or occupational group to which the new or current employees are assigned shall be provided ample opportunity to address such new employees, provided that this provision does not preclude the Employer from addressing employees concerning the same subject. In addition, at the time any noncareer employees become eligible for health insurance, the APWU will be provided ample opportunity to address such employees on this subject.

Health benefit enrollment information and forms will not be provided during orientation until such time as a representative of the Union has had an opportunity to address such new employees.

(The preceding Section, Article 17.6, shall apply to PSEs)

Section 7. Dues Checkoff

A In conformity with Section 2 of the Act, 39 U.S.C. 1205, without cost to the Union, the Employer shall deduct and remit to the Union the regular and periodic Union dues from the pay of employees as instructed in writing by the Union and the employee, which written assignment by the employee shall be irrevocable for a period of not more than one (1) year. The parties agree that the Union will have sole responsibility for and control over dues withholding and revocation. The Union must provide the Postal Service with withholding and revocation information in a format and

within time periods acceptable to the Postal Service. The Employer agrees to remit to the Union all deductions to which it is entitled fourteen (14) days after the end of the pay period for which such deductions are made. Deductions shall be in such amounts as are designated to the Employer in writing by the Union.

B. The authorization of such deductions shall be made in accordance with the terms of Standard Form 1187. Revocation of authorization shall be made in accordance with the terms of Standard Form 1186.

C. Notwithstanding the foregoing, employees' dues deduction authorizations (Standard Form 1187) which are presently on file with the Employer on behalf of the Union party to this Agreement, shall continue to be honored and given full force and effect by the Employer unless and until revoked in accordance with their terms.

D. The Union shall defend, indemnify, save and hold the Postal Service harmless from any and all claims, responsibility, damage, suit, demand, grievance or other liability (including attorney's fees incurred by the Postal Service), which may arise out of any actions taken by the Postal Service required by the terms of this Article or in reliance upon instructions provided by the Union in connection with the Union's operation and control over said dues withholding and revocation.

E. The Employer agrees that it will continue in effect, but without cost to employees, its existing program of payroll deductions at the request and on behalf of employees for remittance to financial institutions including credit unions. In addition, the Employer agrees without cost to the employee to make payroll deductions on behalf of such organization as the Union shall designate to receive funds to provide group automobile insurance for employees and/or homeowners/ tenant liability insurance for employees, provided only one (1) insurance carrier is selected to provide such coverage.

(The preceding Section, Article 17.7, shall apply to PSEs)

Section 8. Policy on Telephones

The parties recognize that telephones are for official USPS business. However, the Employer at the Local Level shall establish a policy for the use of telephones by designated Union representatives for legitimate business related to the administration of the National Agreement, subject to sound business judgment and practices.

Section 9. Inspection of Lockers

Except as provided in Article 39.3.C, the Employer agrees that, a steward or the employee shall be given the opportunity to be present at any inspection of employees' lockers, except in matters where there is reasonable cause to suspect criminal activity. For a general inspection where employees have had prior notification of at least a week, the above is not applicable.

ARTICLE 18
NO STRIKE

Section 1. Statement of Principle

The Union, on behalf of its members, agrees that it will not call or sanction a strike or slowdown.

Section 2. Union Actions

The Union or its Local Unions (whether called Locals or by other names) will take reasonable action to avoid such activity and where such activity occurs, immediately inform striking employees they are in violation of this Agreement and order said employees back to work.

Section 3. Union Liability

It is agreed that the Union or its Local Unions (whether called Locals or by other names) which comply with the requirements of this Article shall not be liable for the unauthorized action of their members or other postal employees.

Section 4. Legal Impact

The parties agree that the provisions of this Article shall not be used in any way to defeat any current or future legal action involving the constitutionality of existing or future legislation prohibiting Federal employees from engaging in strike actions. The parties further agree that the obligations undertaken in this Article are in no way contingent upon the final determination of such constitutional issues.

(The preceding Article, Article 18, shall apply to PSEs)

ARTICLE 19
HANDBOOKS AND MANUALS

Section 1. General

Those parts of all handbooks, manuals and published regulations of the Postal Service, that directly relate to wages, hours or working conditions, as they apply to employees covered by this Agreement, shall contain nothing that conflicts with this Agreement, and shall be continued in effect except that the Employer shall have the right to make changes that are not inconsistent with this Agreement and that are fair, reasonable, and equitable. This includes, but is not limited to, the Postal Service Manual and the F-21, Timekeeper's Instructions.

Notice of such proposed changes that directly relate to wages, hours, or working conditions will be furnished to the Union at the National Level at least sixty (60) days prior to issuance. The Employer shall furnish the Union with the following information about each proposed change: a narrative explanation of the purpose and impact on employees and any documentation concerning the proposed change from the manager(s) who requested the change addressing its purpose and effect. Proposed changes will be furnished to the Union by hard copy or, if available, by electronic file. At the request of the Union, the parties shall meet concerning such changes. If the Union requests a meeting concerning proposed changes, the meeting will be attended by manager(s) who are knowledgeable about the purpose of the proposed change and

its impact on employees. If the Union, after the meeting, believes the proposed changes violate the National Agreement (including this Article), it may then submit the issue to arbitration in accordance with the arbitration procedure set forth below within ninety (90) days after receipt of the notice of proposed change. Within fifteen (15) days after the issue has been submitted to arbitration, each party shall provide the other with a statement in writing of its understanding of the precise issues involved, and the facts giving rise to such issues.

Copies of those parts of all new handbooks, manuals and regulations that directly relate to wages, hours or working conditions, as they apply to employees covered by this Agreement, shall be furnished to the Union upon issuance.

Article 19 shall apply in that those parts of all handbooks, manuals and published regulations of the Postal Service, which directly relate to wages, hours or working conditions shall apply to PSEs only to the extent consistent with other rights and characteristics of PSEs negotiated in this Agreement and otherwise as they apply to the supplemental workforce. The Employer shall have the right to make changes to handbooks, manuals and published regulations as they relate to PSEs pursuant to the same standards and procedures found in Article 19 of this Agreement.

Section 2. Article 19 Arbitration

A. A separate arbitration panel will be appointed by the National parties for the sole purpose of hearing Article 19 appeals to arbitration.

B. A docket of Article 19 cases appealed to arbitration at the National Level shall be maintained for the Union.

C. The arbitrators on the National Article 19 Panel shall be scheduled to hear cases on a rotating basis, unless otherwise agreed to by the parties. Cases on the docket will be scheduled and heard within 120 days of the appeal to arbitration, but no later than 180 days after the Union was notified of the proposed change(s), unless the Union and the Employer otherwise agree.

D. The arbitrator in any given case shall render an award therein within thirty (30) days of the close of the record in the case. All decisions of an arbitrator shall be final and binding.

(See Memo, page 328)

ARTICLE 20
PARKING

Section 1. National Study Committee

The existing parking program will remain in effect. There shall be established at the National Level, as a subcommittee of the National Joint Labor-Management Committee, a National Study Committee on Parking in order to improve the parking program at existing facilities and to recommend such programs for new facilities.

Section 2. Security

Recognizing the need for adequate security for employees in parking areas, and while en route to and from parking areas, the Employer will take reasonable steps, based on the specific needs of the individual location, to safeguard employee security, including, but not limited to, establishing liaison with local police authorities, requesting the assignment of additional uniformed police in the area, improving lighting and fencing, and, where available, utilizing mobile security force patrols.

Section 3. Labor-Management Committee

Parking is a proper subject for discussion at Local Labor-Management Committee meetings. The location of new, additional, or improved parking facilities; the number of parking spaces; security and lighting in the parking areas as well as similar subjects are proper agenda items for such meetings. The Local Labor-Management Committee may make recommendations to the installation head concerning such subjects.

(The preceding Article, Article 20, shall apply to PSEs)

E. An alleged violation of the terms of a Memorandum of Understanding shall be subject to the grievance-arbitration procedure.

F. When installations are consolidated or when a new installation is established, the parties shall conduct a thirty (30) day period of local implementation, pursuant to Section B. All proposals remaining in dispute may be submitted to final and binding arbitration, with the written authorization of the National Union President or the Vice President, Labor Relations. The request for arbitration must be submitted within ten (10) days of the end of the local implementation period.

G. Where the Postal Service, pursuant to Section C, submits a proposal remaining in dispute to arbitration, which proposal seeks to change a presently-effective Local Memorandum of Understanding, the Postal Service shall have the burden of establishing that continuation of the existing provision would represent an unreasonable burden to the USPS.

ARTICLE 31
UNION-MANAGEMENT COOPERATION

Section 1. Membership Solicitation

The Union may, through employees employed by the Employer, solicit employees for membership in the Union and receive Union dues from employees in non-work areas of the Employer's premises, provided such activity is carried out in a manner which does not interfere with the orderly conduct of the Employer's operation.

Section 2. Electronic Files

The Employer shall, on **a biweekly** basis, provide the Union at its National Headquarters with a computer tape containing information as set forth in the Memorandum of Understanding regarding Article 31 **by encrypted/password protected Electronic File Exchange. If Electronic File Exchange is unavailable the information will be provided by appropriate media**.

(See Memo, page 338)

Section 3. Information

The Employer will make available for inspection by the Union all relevant information necessary for collective bargaining or the enforcement, administration or interpretation of this Agreement, including information necessary to determine whether to file or to continue the processing of a grievance under this Agreement. Upon the request of the Union, the Employer will furnish such information, provided, however, that the Employer may require the Union to reimburse the USPS for any costs reasonably incurred in obtaining the information.

Requests for information relating to purely local matters should be submitted by the Local Union representative to the installation head or his/her designee. All other requests for information shall be directed by the National President of the Union to the Vice President, Labor Relations.

Nothing herein shall waive any rights the Union may have to obtain information under the National Labor Relations Act, as amended.

(The preceding Article, Article 31, shall apply to PSEs)

ARTICLE 32
SUBCONTRACTING

Section 1. General Principles

A. The Employer will give due consideration to public interest, cost, efficiency, availability of equipment, and qualification of employees when evaluating the need to subcontract.

(See Memos, pages 340, 341, 342, 382, and 389)

B. The Employer will give advance notification to the Union at the National Level when subcontracting which will have a significant impact on bargaining unit work is being considered and will meet with the Union while developing the initial Comparative Analysis Report. The Employer will consider the Union's views on costs and other factors, together with proposals to avoid subcontracting and proposals to minimize the impact of

any subcontracting. A statement of the Union's views and proposals will be included in the initial Comparative Analysis and in any Decision Analysis Report relating to the subcontracting under consideration. No final decision on whether or not such work will be contracted out will be made until the matter is discussed with the Union.

C. When a decision has been made at the Field Level to subcontract bargaining unit work, the Union at the Local Level will be given notification.

Section 2. Motor Vehicle Craft-Highway Movement of Mail

A. The American Postal Workers Union, AFL-CIO, and the United States Postal Service recognize the importance of service to the public and cost to the Postal Service in selecting the proper mode for the highway movement of mail. In selecting the means to provide such transportation the Postal Service will give due consideration to public interest, cost, efficiency, availability of equipment, and qualification of employees.

(See Memo, page 389)

B. For highway contracts covered by Article 32, Section 2, the Union will be furnished the information enumerated in Paragraph C below. This information will be furnished at least sixty (60) days prior to the scheduled installation of the service. Within forty (40) days of being furnished such information, the Union may request a meeting to discuss a specific contract(s). Within forty-five (45) days of being furnished such information, the parties will exchange the basic cost analyses in order to facilitate discussions. The parties will meet on or before the sixtieth (60th) day. At no time will the subject highway contract(s) for which a meeting has been requested be awarded prior to the actual meeting.

C. The information will include the following in a concise summary form:

1. a statement of service including frequency, time of departure and arrival, annual mileage, and proposed effective date of contract;

2. equipment requirements. If not comparable to standard USPS equipment available at that facility, the reasons therefor along with the cubic foot justification are to be provided;
3. a statement as to whether the proposed contract is a renewal of an existing contract and/or a partial or completely new contract solicitation;
4. for contract renewals, the current contractual cost is to be provided along with any specifics, if the terms of the renewal are modified to whatever degree;
5. if the new contract solicitation replaces in part or in whole existing Postal Vehicle Service (PVS) service, specifics as to the existing PVS service are to be provided as to the span of operating time, equipment utilized, annual cost, how the PVS employees impacted will otherwise be utilized and the projected United States Postal Service cost for subcontracting the work in question.

D. Should there subsequently be substantive modifications in the information provided the Union in C above, the Union will be notified as soon as such decision is made.

E. The parties agree that the following factors will be used in any cost comparisons of the type of transportation mode to be selected:

1. The Motor Vehicle employee costs for Motor Vehicle Operators will be the average cost of Level 7 Motor Vehicle Operators and the Motor Vehicle employee costs for Tractor-Trailer Operators will be the average cost of Level 8 for Tractor-Trailer Operators, as per these employees' straight-time wages inclusive of fringe benefits. The average of each level will be a weighted average based on the number of employees in each step of the respective levels and their respective wages. The Motor Vehicle employee costs will be updated within 30 days following each salary adjustment for the Motor Vehicle Craft.

2. The vehicle costs will be computed from the last four (4) quarters of the Vehicle Make/Model Cost Reports. These costs will be computed separately for each Area. The parties will consider an adjustment for exceptional cost variances.
3. The Postal Vehicle Service will be charged ten (10) minutes at the start and ten (10) minutes at the end of each route, regardless of the vehicle used.

F. For all routes for which the Union submitted a cost comparison, if a contract is awarded, the Union will be furnished the cost of such contract.

G. These provisions shall be applicable when evaluating the type of service to be provided for routes that are:

1. a fixed annual rate contract over $100,000 per annum, but not more than 350 miles in round-trip length; and
2. an annual rate or non-annual rate contract such as local drayage, spotting or shuttle service where the estimated annual compensation will exceed $45,000; and
3. not more than eight (8) hours in operating time from terminus to terminus;
4. being then operated by bargaining unit employee(s) of the Motor Vehicle Craft, regardless of annual cost, round-trip length or operating time.

H. The information will be furnished for all routes covered by this Section and subject to renewal, extension, conversion of existing postal vehicle service to highway contract service or new highway contract service subject to the limitations stated herein. The following contracts are not encompassed by this Section: services involving collection and box delivery; small contract operations in areas where no Postal Vehicle Service operation is currently operating and where Postal Vehicle Service operation is economically unfeasible; or any star route contracts let on a temporary or emergency basis.

I The parties recognize that specific conditions may justify and require alteration of the time requirements specified herein.

(See Memo, page 389)

Section 3. Joint Committee

There shall be established at the National Level, as a subcommittee of the National Level Joint Labor-Management Committee, a Joint Committee to study the problems in this area leading towards a meaningful evolutionary approach to the issue of subcontracting.

(The preceding Article, Article 32, shall apply to PSEs)

ARTICLE 33
PROMOTIONS

Section 1. General Principles

The Employer agrees to place particular emphasis upon career advancement opportunities. First opportunity for promotions will be given to qualified career employees. The Employer will assist employees to improve their own skills through training and self-help programs, and will continue to expand the Postal Employee Development Center concept.

Section 2. Craft Promotions

When an opportunity for promotion to a craft position exists in an installation, an announcement shall be posted on official bulletin boards soliciting applications from employees of the appropriate craft. Craft employees meeting the qualifications for the position shall be given first consideration. Qualifications shall include, but not be limited to, ability to perform the job, merit, experience, knowledge, and physical ability. Where there are qualified applicants, the best qualified applicant shall be selected; however, if there is no appreciable difference in the qualifications of the best of the qualified applicants and the Employer selects from among such applicants, seniority shall be the determining

ARTICLE 39
MOTOR VEHICLE CRAFT

Section 1. Seniority
Section 2. Posting
Section 3. Special Provisions

Section 1. Seniority

A. Introduction

1. The U.S. Postal Service and the Motor Vehicle Craft Division, APWU, AFL-CIO, agree to the following seniority principles which replace all former rules, instructions and practices.
2. This Article continues relative seniority standings properly established under past instructions, rules, practices and agreements and this Article shall be so applied. Seniority standings so established shall not be changed except to correct an error. If an employee requests a correction of seniority standing, it is the responsibility of the requesting employee to identify and restate the specific instructions, rule or practice in support of the request.
3. Service seniority is based on total part-time or full-time service in the Motor Vehicle Craft regardless of occupational codes and levels. It begins with an appointment to the regular workforce in the Motor Vehicle Craft.

B. Seniority for Preferred Assignments

1. This seniority determines relative standing among full-time regular and full-time flexible employees eligible to bid for preferred assignments. It is computed from entry into a regular workforce position in a particular occupational group and level. It continues to accrue as long as service in the same occupational group, level, and installation continues. See B5 and B6 below.

2. Employees who change, or have changed, from one designation to another and who during continuous employment in the Motor Vehicle Service and in the same installation return to the former position designation and salary level regain the seniority they had in that position, without seniority credit for intervening employment in other position designations, except as provided for in Paragraphs 4, 5 & 6 below.

3. Except as specifically provided for elsewhere in this Agreement, full-time regulars, upon entering the Motor Vehicle Craft from another craft or installation, begin a new period of seniority.

4. When two (2) or more employees in the same installation, salary level, and position designation have seniority for preferred assignments from the same date, the tie will be broken as follows:

   a. By standing on the part-time flexible roll when both were appointed as a part-time flexible in the same installation, position designation, and salary level.

   b. By total length of full-time regular or part-time flexible Motor Vehicle Service in the installation if the tie is not broken by the preceding rule.

   c. By total career Motor Vehicle Service time in the USPS if the tie is not broken by the preceding rule.

   d. When a Motor Vehicle Service employee's PSE appointment is converted to a career appointment the same day there is a new career appointment, reinstatement, reassignment, transfer or promotion to the

same salary level and position designation, the converted employee is senior and precedes the other on the part-time flexible or full-time regular roll.

e. When two (2) or more employees from other crafts enter the Motor Vehicle Craft on the same date, their seniority will be determined by their total continuous postal service.

f. If the provisions of a. through d. above do not break the tie, then the tie will be broken by using the last three (3) or more numbers (using only enough numbers to break the tie, but not fewer than three (3) numbers) of the employees' social security numbers, from lowest to highest.

5. **Seniority is restored under the following conditions:**

a. **Reemployment After Disability Separation.** On reinstatement or reemployment after separation caused by disability, retirement or resignation because of personal illness and the employee so stated in his/her resignation and furnished satisfactory evidence for inclusion in his/her personnel folder, the employee receives seniority credit for past service for the time on the disability retirement or for illness if reinstated or reemployed in the same postal installation and craft and in the same or lower PS salary level from which originally separated; provided application for reinstatement or reemployment is made within six (6) months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from the Bureau of Retirement Insurance and Occupational Health, Office of Personnel Management, and in the case of resignation due to illness, by a statement from the applicant's attending physician or practitioner. When reinstatement is to the part-time flexible roll, standing on the roll shall be the same as if employment had not been interrupted by the separation.

b. **Restoration.** On restoration in the same craft in the same installation after return from military service, transfer under letter of authority or unjust removal, an employee shall regain the same seniority rights such employee would have if not separated.

c. **Reassignment and Return in 90 Days.**
A full-time regular or part-time flexible employee voluntarily reassigned from one craft to another or from one occupational code to another within the Motor Vehicle Craft at the same installation with or without change in PS salary level, who is voluntarily reassigned within 90 days back to the former craft, position designation, and salary level, or occupational code within the Motor Vehicle Craft retains seniority previously acquired in the craft augmented by the intervening employment.

6. **Automotive Mechanics, Automotive Technicians and Lead Automotive Mechanics (Level 9 & 10)**

a. The seniority of the Level 7 Automotive Mechanics and Level 8 Automotive Technicians in the installation will be merged into one (1) seniority list for preferred assignments.

b. Vacant Level 8 Automotive Technician duty assignments will be filled on the basis of senior qualified among the Level 7 Automotive Mechanics, who are qualified as PS-8 Automotive Technicians and Level 8 Automotive Technicians in the installation. The filling of vacant PS-7 Automotive Mechanic duty assignments will be on a senior qualified basis from the PS-7 Automotive Mechanics and PS-8 Automotive Technicians in the installation. For PS-7 and 8 residual vacancies, the selection method will be best qualified from any other position.

c. The seniority of the Level 9 Lead Automotive Technicians and Level 10 Lead Automotive Technicians (AG) in the installation will be merged into one (1) seniority list for preferred assignments.

d. Filling Level 9 Lead Automotive Technician and Level 10 Lead Automotive Technician (AG) positions will be senior qualified from Level 9s and 10s. For PS-9 and 10 residual vacancies, the selection method will be best qualified from any other position.

e. Employees bidding pursuant to Article 39.2.A.7, may bid only those duty assignments that have the same position designation.

7. **Motor Vehicle Operators and Tractor-Trailer Operators:**

a. Full-time regular Tractor-Trailer Operators bidding for PS-8 Tractor-Trailer assignments shall be assigned before posting any vacant Level 8 assignment for bids by full-time regular Level 7 operators.

b. Remaining PS-8 Tractor-Trailer assignments shall be filled by promoting the senior qualified PS-7 Motor Vehicle Operator who bids.

c. A PS-8 Tractor-Trailer Operator may bid in competition with a PS-7 Motor Vehicle Operator for a PS-7 Motor Vehicle Operator assignment.

d. Seniority for preferred assignments is retained upon change from a Motor Vehicle Operator to a Tractor-Trailer Operator, or the reverse.

e. For purposes of conversion to full-time, part-time flexible Motor Vehicle Operators (MVO) will be placed together with part-time flexible Tractor-Trailer Operators (TTO) on the same roll. When the opportunity for conversion to a vacant TTO position exists, the senior TTO qualified part-time flexible, regardless of level, will be converted and placed into the vacant full-time position. When

the opportunity for conversion to a vacant Motor Vehicle Operator position exists, and the senior part-time flexible is a Motor Vehicle Operator, he/she will be converted and placed into the position. If the senior part-time flexible is a Tractor-Trailer Operator, he/she will be given the option of accepting the conversion. If the conversion is declined, the next senior part-time flexible will be converted (if the employee is a Motor Vehicle Operator) or will be given the option (if the employee is a Tractor-Trailer Operator). This procedure will continue until the position is filled or until all part-time flexibles on the list have been considered.

f. For purposes of conversion to career employment, new work PSE Motor Vehicle Operators (MVO) will be placed together with new work PSE Tractor-Trailer Operators (TTO) on the same roll. When the opportunity for conversion to a vacant TTO position exists, the TTO qualified new work PSE, with the highest standing on the roll, regardless of level, will be converted and placed into the vacant position. When the opportunity for conversion to a vacant Motor Vehicle Operator position exists, and the new work PSE, with the highest standing on the roll, is a Motor Vehicle Operator, he/she will be converted and placed into the position. If the new work PSE, with the highest standing on the roll, is a Tractor-Trailer Operator, he/she will be given the option of accepting the conversion. If the conversion is declined, the next new work PSE, with the highest standing on the roll, will be converted (if the employee is a Motor Vehicle Operator) or will be given the option (if the employee is a Tractor-Trailer Operator). This procedure will continue until the position is filled or until all new work PSEs on the list have been considered.

8. **Motor Vehicle Operations New in Installation.** In an installation which has had no motor vehicle operations assignment, any such newly established Motor Vehicle Operator or Tractor-Trailer Operator assignments shall be awarded to qualified vehicle maintenance service applicants who are employed in the same installation. The provisions of Article 12, Section 5.C.7, shall be complied with before application of this paragraph.
9. When Tractor-Trailer assignments are established, Motor Vehicle Operators who are not qualified to drive tractor-trailers, will be given on-the-clock training, starting with the senior Motor Vehicle Operator.
10. When filling Motor Vehicle Craft assignments other than those identified in 2.A.11 below, the service seniority of Motor Vehicle Craft employees who submit an application and meet the qualification standards established for that position will be considered in keeping with the provisions of Article 33.
11. Auxiliary garages beyond the normal commuting area of the home vehicle maintenance facility shall be treated as independent facilities for the purposes of administering this Agreement, except for the application of the provisions of Article 1, Section 6; Article 7, Section 3; and Article 8, Section 8.
12. **Changes in Which Seniority is Modified.** Mutual exchanges may be made only between full-time Motor Vehicle Service employees who are the same level and have the same occupational code. The seniority for Motor Vehicle Craft employees, who are reassigned between installations as a result of a mutual exchange in accordance with applicable provisions of the Employee and Labor Relations Manual (ELM), will be established for both employees as that of the junior employee involved.

C. Definitions

1. **Position Designation.** In the Motor Vehicle Craft, position designation shall be determined by occupation code and level.
2. **Craft Group.** The craft group is composed of those positions for which the Union has secured recognition at the National Level.
3. **Application.** A written request by a full-time Motor Vehicle Craft employee for consideration for an assignment for which such employee is not entitled to submit a bid.
4. **Bid.** A written request submitted to the installation head to be assigned to a duty assignment by a full- time Motor Vehicle Craft employee eligible to bid on a vacancy or newly established duty assignment. In offices where alternative bidding procedures have been established, bids, except those in 39.2.A.6 & 7, may be submitted, at the employee's option, by telephone or electronically.
5. **Duty Assignment.** A duty assignment is a set of duties and responsibilities within recognized positions regularly scheduled during specific hours of duty.
6. **Preferred Duty Assignment.** Any assignment preferred by a full-time regular.
7. **Eligible Bidder.** Full-time Motor Vehicle Craft employees are eligible to bid only within the Motor Vehicle Craft in the same installation, salary level, and position designation (except as specifically provided for in Section 2.A.10). When there are no successful bidders from the position designation of the vacant assignment, the assignment shall be filled in accordance with Section 2.A.11.

8. **Abolishment.** A management decision to reduce the number of occupied duty assignments in an established section and/or installation.

(See Memo, page 392)

9. **Residual Vacancy.** A duty assignment that remains vacant after the completion of the voluntary bidding process.

10. **Occupational Group.** In the Motor Vehicle Craft, occupational group shall be determined by position designation and level.

D. Excess Employees

Length of full-time regular or part-time flexible service (service seniority) in the Motor Vehicle Craft in the same installation governs in identifying excess employees within a position designation.

E. Responsibility

The installation head is responsible for day-to-day administration of seniority. The application of this Article shall be open to negotiation at the Installation Level with the Union.

F. Seniority List

A current seniority list shall be posted in each installation. A copy of the updated seniority list shall be made available to the Local Union. For each employee, it shall show:

1. service seniority;
2. seniority for preferred assignments.

G. Transfer From Other Installation

1. When it is proposed to open a new facility, prior to Management hiring new employees in the Motor Vehicle Craft, all requests for transfer of Motor Vehicle Craft employees from other installations shall be given first consideration.
2. Consideration will be given for transfers to fill Motor Vehicle Craft vacancies at established installations

to those qualified employees requesting transfers, where it has been determined, that no employees qualified to bid, or desiring the position are available at the completion of the posting period.

H. Multi-Craft Positions

All full-time regular Motor Vehicle Craft employees are eligible to bid for the positions of Examination Specialist (SP 2-188) and Vehicle Operations—Maintenance Assistant (SP 2-195).

I. Vacation Scheduling

Full-time regular and part-time flexible Motor Vehicle Craft employees may exercise their preference by use of their seniority for vacation scheduling.

J. Temporary Holddowns

Consistent with the following provisions, unassigned full-time regular, full-time flexible, part-time flexible, and new work PSE Tractor-Trailer Operators (SP 5-22; PS-8) and Motor Vehicle Operators (SP-10; PS-7) may, in seniority order, exercise a preference for an assignment temporarily vacant for an anticipated duration of ten (10) days or more. New work PSEs may only express preference for temporarily vacant new work assignments.

1. The employees utilizing their seniority to select a temporary holddown assignment as above, shall work that assignment for its duration unless: they are otherwise assigned to a permanent duty assignment; it is clearly demonstrated that the employee cannot perform the assignment; the assigned work being performed by a part-time flexible in accordance with the above is needed to provide a full-time employee work to satisfy the 8-hour work guarantee; or unless that individual is otherwise needed to fill a vacant assignment for which there are no qualified employees.
2. The assignment for which employees exercise a preference must be (a) one for which they are qualified, (b) at the unit to which the employee is

assigned, and (c) for full-time employees, on the same tour to which they are assigned. Employees on detail, holddown, absent and/or on any type of leave at the time of the temporary holddown bidding will be considered as being unavailable.

3. The posting and awarding of temporary holddown bids shall not exceed 72 hours.
4. Selection of a part-time flexible for a holddown assignment in no way modifies the part-time flexible's employment status as to benefits and rights under the National Agreement not otherwise modified as above.
5. All present and existing procedures for filling temporarily vacant motor vehicle assignments at the Local Level are automatically negated in favor of the foregoing holddown procedure.

Section 2. Posting

A. Vacant Motor Vehicle Craft duty assignments shall be posted as follows:

1. All vacant or newly established craft duty assignments shall be posted or reverted within 28 days. When an assignment is reverted, a notice shall be posted immediately, indicating the action taken and the reason therefor. The Local Union shall be given a copy of the notice.
2. When it is necessary that fixed scheduled day(s) of work in the basic work week for a craft assignment be permanently changed, the affected assignment(s) shall be reposted.
3. The determination of what constitutes a sufficient change of duties, or principal assignment area, to cause the duty assignment to be reposted shall be a subject of negotiation at the Local Level.
4. No assignment will be posted because of change in starting time unless the change exceeds two (2) hours. Whether to post or not is negotiable at the Local Level, if it exceeds two (2) hours.

5. An unassigned full-time employee may bid on duty assignments posted for bid by employees in the craft. If the employee does not bid or is the unsuccessful bidder, such employee shall be assigned in any residual duty assignment within the same position designation. When there is more than one (1) residual vacancy, the vacancies shall be offered to the unassigned full-time employees beginning with the senior employee and their preference shall be honored. If additional vacancies still exist after all available full-time regulars have been assigned to residual vacancies, full-time flexible employees will be assigned to such vacancies in the same manner as provided above. If there are more unassigned full-time employees and/or full-time flexible regular employees than vacancies, seniority will be honored for preferences and involuntary assignments will be made by juniority, if necessary.

6. When requested by the Union, all full-time regular Motor Vehicle Operator, Tractor-Trailer Operator and Vehicle Operator Assistant-Bulk Mail craft **duty** assignments shall be posted for bid once each calendar year.

7. All full-time regular Motor Vehicle Maintenance Craft duty assignments may be posted for bid once each calendar year upon mutual agreement between the parties at the Local Level. Absent such Local Agreement, Motor Vehicle Maintenance Craft duty assignments shall be posted for bid every second calendar year, when requested by the Union.

8. Employees bidding pursuant to 6 or 7 above, may bid only those duty assignments that have the same position designation.

9. **Nonbargaining Unit Detail.** Motor Vehicle Craft employees temporarily detailed to a nonbargaining unit position may not bid, **exercise Article 12 retreat rights, or apply for vacant** Motor Vehicle Craft duty assignments while so detailed. However,

nothing contained herein shall be construed to preclude such temporarily detailed employees from voluntarily terminating a nonbargaining unit detail and returning to their craft position. These Motor Vehicle Craft employees temporarily detailed to a nonbargaining unit position, however, will not be returned to the craft solely to circumvent the provisions of Section 2.A.9.

Any employee(s) detailed to a nonbargaining unit position must return to the craft for a minimum of one (1) continuous pay period. Upon return to the craft position, such employee(s) may exercise their right to bid on vacant Motor Vehicle Craft duty assignments. For bidding purposes, this circumvention provision must be met prior to the date of posting the award notice of the successful bidder.

The duty assignment of any full-time Motor Vehicle Craft employee detailed to a nonbargaining unit position, including a nonbargaining unit training program, in excess of four (4) months shall be declared vacant and shall be posted for bid in accordance with this Article. For reposting purposes, this circumvention provision must begin prior to the end of the four (4) months. Upon return to the craft, that employee will become an unassigned regular. Form 1723, Notice of Assignment, shall be used in detailing Motor Vehicle Craft employees to temporary nonbargaining unit positions. The Employer will provide the Union at the Local Level with a copy of Form(s) 1723 showing the beginning and ending of all such details. Employees detailed to nonbargaining unit positions are not entitled to out-of-schedule premium.

10. Residual vacancies for the following positions are to be filled by the senior qualified bidder, from the appropriate position(s) as herein indicated. Except for Motor Vehicle Operator and Tractor-Trailer Operator assignments, total service seniority in the Motor Vehicle Craft will be used by employees when bidding to assignments in a different position designation.

Position	**To be filled by Senior Qualified**
Tire **Repairer**, 5-53 PS-6	Garage **Assistant**, KP 9, PS-5
Tractor-Trailer Operator, SP-7015, PS-8	Motor Vehicle Operator, KP 10, PS-7
Tools and Parts Clerk, SP 1-31, PS-6	All Motor Vehicle Craft Employees
Clerk, Vehicle Dispatcher, SP 5-10, PS-6	Motor Vehicle Operator, KP 10, PS-7 Tractor-Trailer Operator, SP 5-22, PS-8
Time & Attendance Clerk, SP 1-29, PS-6	All Motor Vehicle Craft Employees
Storekeeper Automotive Parts, SP 5-46, PS-7	All Motor Vehicle Craft Employees
Storekeeper Automotive Parts, SP 5-47, PS-8	All Motor Vehicle Craft Employees
Vehicle Operations Assistant-Bulk Mails, SP 5-66, PS-8	Tractor-Trailer Operator, SP 5-22, PS-8

11. When the opportunity for conversion to a residual full-time vacancy exists, the senior part-time flexible within the same occupational group and grade as the vacancy, will be converted into the assignment (except as provided in Article 39.1.B.7.e). If there is no part-time flexible employee or new work PSE in the same occupational group and grade, the residual vacancy shall be filled **by qualified applicants in the following order: Motor Vehicle Craft within the installation, APWU crafts within the installation, other crafts within the installation, transfers, and then** by other means.

B. Place of Posting

1. The notice inviting bids for a craft assignment shall be posted on all official bulletin boards at the installation where the vacancy exists, where vehicle operations and/or maintenance employees work so as to assure that it comes to the attention of all employees eligible to submit bids. Copies of the notice shall be given to the Union. When an absent employee has so requested in writing, and provided a personal mailing address, a copy of any notice inviting bids from the craft of the employee shall be mailed to the employee by the installation head.
2. Posting and bidding for preferred duty assignments shall be installation-wide without exception.

C. Length of Posting

The notice shall remain posted for ten (10) calendar days, unless a different length for the posting period is established by local negotiation.

D. Information on Notices

Information shall be as shown below and shall be specifically stated:

1. the duty assignment by position title and number (e.g., key, standard, or individual position);
2. PS salary level;
3. hours of duty (beginning and ending);
4. the principal assignment area (e.g., section and/or location of activity);
5. qualification standards, including ability to drive certain types of vehicles such as tractor-trailer and occupational code number when such standards and numbers are available;
6. physical requirement unusual to the specific assignment;

7. invitation to employees to submit bids;
8. the fixed or rotating schedule of days of work, as appropriate;
9. motor vehicle and tractor-trailer route numbers (a copy of the schedule should be made available to interested employees);
10. all bids in the Motor Vehicle Craft are to be submitted first by Motor Vehicle Craft employees on a standard bid form. If such bid form is not available, a bid submitted in writing is acceptable. In those offices where alternative bid procedures have been established, bids (except in 39.2.A.6 & 7), may be submitted at the employee's option by telephone or electronically. An employee who has submitted a standard bid form or written bid may withdraw the bid at any time before the closing date and/or time of posting, provided the withdrawal is submitted in writing and is back-stamped. Bids submitted through alternative bidding procedures may be withdrawn before the closing date utilizing the automated procedures.

E. Successful Bidder

1. Within ten (10) days after the closing date for the posting (including December), the installation head shall post a notice stating the successful bidder and his/her seniority date. The senior qualified bidder meeting the qualification standards established for that position shall be designated the "successful bidder."
2. The successful bidder must be placed in the new assignment within 21 days except in the month of December. The Local Agreement may set a shorter period.
3. Normally, the successful bidder shall work the duty assignment as posted.

Section 3. Special Provisions

A. The Employer will provide adequate tools, tool kits, and equipment on a charge-out basis to those employees who require such items for the performance of their assigned functions. The Employer will seek the advice of the Union at the National Level in determining adequacy and/or obsolescence of the tools to be provided. Where tools are determined to be obsolete, they will be recalled and removed from the employee's accountability. Replacement tools may be purchased locally by the Fleet Manager, who will seek the advice of the Local Union in determining the adequacy of the tools to be furnished.

B. In the interest of safety and health and other appropriate considerations, properly certified National representatives of the Union will be given an opportunity to examine and comment on new type vehicles during the developmental stage. If the Union has any concerns as a result of the First Article Testing (FAT), the Union shall state those concerns in writing to the Employer within 14 days of the conclusion of the FAT. The Employer shall respond in writing to the Union's concerns as soon as practicable. This process involves only FAT.

C. Any time that tool kits or lockers of employees are to be inspected, the Employer agrees that, except in matters where there is reasonable cause to suspect criminal activity, a steward or the employee shall be given the opportunity to be present at any inspection of employees' lockers. For a general inspection where employees have had prior notification of at least a week, the above is not applicable.

D. All Motor Vehicle Craft positions listed in the P-1 Handbook, designated to the Motor Vehicle Craft, shall be under the jurisdiction of the Motor Vehicle Division of the American Postal Workers Union, AFL-CIO.

E. When filling details to bargaining unit work in the Motor Vehicle Craft the Employer shall give first consideration to the assignment of available and qualified Motor Vehicle Craft employees from the immediate work area in which the detail exists.

F. Employees eligible for night differential who participate in on-the-clock training will be paid the applicable differential they would have earned for service normally scheduled between 6 p.m. and 6 a.m. had they not been temporarily rescheduled by management to attend such training.

G. To improve the comfort level in existing U.S. Postal Service bulk mail hauling and service vehicles, directional fans will be installed in the driver compartment during the life of the Collective Bargaining Agreement.

H. Training for Motor Vehicle Maintenance employees will be provided on a fair and equitable basis in accordance with service needs. First consideration will be given to those employees who volunteer for such training. Employees shall be given no less than 14 days advance notice of scheduled off-site training. Employees may volunteer for off-site training with less than 14 days advanced notice. **Vehicle familiarization will be provided to Motor Vehicle Craft employees when new vehicles are deployed.**

I. All hiring announcements for TTO positions will be posted on the official bulletin board at the installation where the vacancy exists, where vehicle operations and/or maintenance employees work. Such announcements will be posted until the closing date specified in the announcement for submitting applications.

J. The Union, at the National Level, will be allowed "read only" access to the automated enrollment system for the vehicle maintenance training billets.

K. Vehicle maintenance agreements (VMAs) or their successors should generally not be used by offices where vehicle maintenance is available in-house. However, when the vehicle maintenance facility (VMF) cannot meet its requirements, such an office may submit a VMA or VMA successor request that justifies the need for supplementary services. VMAs or their successors should not be used to acquire inventory items for a VMF.

Dear Mr. Santiago,

Unfortunately, due to the fact that the Union did not receive any correspondence from you regarding our meeting set for Monday, the Step 2 grievance regarding the STC contract has been moved to the next step.
If the USPS is interested in settling this grievance completely at this step, kindly reach out to the Union so that it can be discussed.
Thank you for your time and effort in this matter.
