Dear Mark:

As you are aware, the Postal Service has implemented a new organizational structure which separates Logistics from Mail Processing and Maintenance. Under this new organizational structure Logistics operations will be assigned unique finance numbers.

The assignment of new finance numbers will have no impact on bargaining unit employees' current status or any contractual provisions. Their installations and bid clusters will remain the same. This change will be implemented in the coming weeks.

If an installation is conducting an annual bid during the time of the change of finance number, the annual bid will take place as scheduled and the results will be manually entered at the Human Resources Shared Service Center (HRSSC) after the change of finance number is complete.

If you have any questions, please contact James Lloyd at extension 3946.

Sincerely,

Rickey R. Dean
Manager
Contract Administration (APWU)
