Cover Story

Are You Prepared for An Emergency?

Tornadoes, hurricanes, wildfires, and floods can strike at almost any time, and are just some of the disasters we face each year. These events can generate fear, frustration, and even depression; yet, planning ahead can help response and recovery, and relieve some of the anxiety and stress caused by unexpected events.

Effective planning for emergencies starts by asking the following questions:

- What types of emergencies occur in the areas where I live?
- How will I receive emergency alerts and warnings?
- Do I need to update my emergency preparedness kit?
- What is my family/household communication plan?
- What is my evacuation route? My shelter plan?
- Are the numbers in my mobile device current?
- If there is a widespread power outage, how will I charge my mobile device, use an ATM, or fuel my vehicle?

After answering these and other essential questions, the written plan or checklist can begin. Once you establish your emergency plan, review it with the members of your household so everyone knows what to do and where to go when it counts.

September is the month set aside to promote and encourage planning readiness. For more information and valuable resources for emergency preparedness efforts, visit the following sites:

- USPS® National Preparedness (*blue.usps.gov/nationalpreparedness*).
- Department of Homeland Security (*ready.gov*).
- Centers for Disease Control and Prevention (*cdc.gov/disasters/covid-19/disasters_-severe_weather_and_covid-19.html?deliveryName=USCDC_2062-DM33192*).

Why take the time and resources to prepare for emergencies? Because you and your loved ones are worth the investment.

DMM Revision: Customs Forms Acceptance Policies, including Military Mail

Effective January 24, 2021, the Postal Service™ will revise various sections of *Mailing Standards of the United States Postal Service,* Domestic Mail Manual (DMM®) to reflect that the Postal Service accepts only electronically generated versions of PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration*; PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*; and PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*.

The Postal Service will revise part 608 to remove references pertaining to USPS-supplied hard copy PS Form 2976, PS Form 2976-A, and PS Form 2976-B customs forms.

Additionally, the Postal Service will add a new section regarding the available options to generate a customs form for items requiring a customs form mailed from a Military Post Office. The Postal Service will add section 703.2.3.7, "Customs Declaration Preparation and Acceptance at Military Post Offices." (The section currently numbered 703.2.3.7 will become 703.2.3.8.)

The article entitled "Forms: PS Form 2976-R Acceptance Policies (Including Military Mail)," in *Postal Bulletin* 22541 (3-12-20, page 18), contains detailed information about options to be included in section 703.2.3.7, as well as revisions to standards in section 703.2.3.6.

Although the Postal Service will not publish these revisions in the DMM until January 24, 2021, the standards are already in effect.

2.3.7 Customs Declaration Preparation and Acceptance at Military Post Offices

For mailpieces requiring a customs form sent from a Military Post Office, the following standards apply:

a. Authorized military mailers may prepare a customs declaration using one of the following methods:
   1. Use the online service of Click-N-Ship at *cns.usps.com* to establish an account. Enter the required customs data, pay for postage, and print the combined customs declaration form and shipping label with postage, or
   2. Use the online application for Customs Form Online (CFOL) at *cfo.usps.com/cfo-web/labelInformation.html*. Enter the customs data, print the customs declaration form, and present it along with the mailpiece to an associate at a Military Post Office to complete the transaction.
   3. In limited circumstances that require the use of a hard copy of PS Form 2976-R, *Customs Declaration and Dispatch Note,* present the fully completed PS Form 2976-R with the mailpiece at a Military Post Office.

   Note: For mailpieces destined to a domestic address where the mailer is able to enter all customs data, but is unable to determine the weight and dimensions necessary to generate the customs form, the mailer may use the CFOL system to generate a customs form receipt, containing a unique code for the mailer to provide, along with the package, to a Military Post Office. The military associate will use the unique code on the receipt to retrieve the associated online customs data, enter the actual weight and dimensions of the mailpiece, complete the postage transaction, and apply the electronically generated customs form to the mailpiece. The online customs form receipt must be used by the expiration date indicated on the receipt. The unique code on the online customs form receipt cannot be used to track a mailpiece.

b. Military Post Office associates must:
   1. For mailpieces accompanied with a customs declaration form generated through the Customs Form Online application, ensure the form is adhered to the mailpiece and complete the postage transaction, if the item is not prepaid. See *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM), section 123.712, for detailed acceptance procedures.
   2. For mailpieces accompanied with a Customs Form Online receipt destined to a domestic location, use the unique code on the receipt to retrieve the associated online customs data to:
      (a) Enter the actual weight and dimensions of the mailpiece.
      (b) Generate the customs declaration form and ensure it is dated and contains the mailer's signature.
      (c) Complete the postage transaction.
      (d) Apply the electronically generated customs form to the mailpiece.
   3. For items accompanied by PS Form 2976-R, enter all data into the applicable military postal system or Customs Form Online application to electronically generate, print, and affix the customs declaration form to the mailpiece and complete the postage

transaction, if the item is not prepaid. See *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM), section 123.72, for PS Form 2976-R acceptance procedures.

b. Except as provided in 2.3.8a and 2.3.9, all other mailpieces addressed to or from an APO, FPO, or DPO location must bear a properly completed computer-generated PS Form 2976, *Customs Declaration CN22 — Sender's Declaration*, or, if the customer prefers, a properly completed computer-generated PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*, if either of the following conditions apply:

ELM Revision: Value Increase in Recognition and Awards Reportable Noncash Items

Effective September 30, 2020, the Postal Service™ will revise the *Employee and Labor Relations Manual* (ELM), subchapter 490, to reflect an increase in the dollar amount of the value that must be reported for noncash tangible items employees receive as recognition and awards. The reporting requirement for noncash tangible items valued at less than $75 has increased to $100.

These revisions are in addition to revisions to part 491, which were published in the article entitled "ELM Revision: Value Increase in Recognition and Awards Reportable Noncash Items," in *Postal Bulletin* 22551 (7-30-20, pages 14–15). Those revisions will also be included in the September 30, 2020, ELM edition.

Management must continue to track all noncash tangible items valued at less than $100 that employees receive in a calendar year as an award. If the aggregate total of all noncash tangible items valued at less than $100 that an employee receives in a calendar year meets or exceeds $100, the total amount must be reported in eAwards under the appropriate noncash tangible award type for the employee category and reason for the award.

Although the Postal Service will not publish these revisions in the ELM until September 30, 2020, the standards are effective immediately.

123 Customs Forms and Online Shipping Labels

[Revise the title of 123.1 to read as follows:]

123.1 Types of Customs Forms

123.11 General

[Revise the text of 123.11 to read as follows:]

As required under 123.6, a fully completed electronically generated customs form is required for international mail. A mailer may obtain an electronically generated customs form by using Click-N-Ship service, the Customs Form Online application, or USPS-approved vendor software, as described in 123.3. Alternatively, a mailer may obtain an electronically generated customs form by presenting a fully completed PS Form 2976-R at a USPS retail service counter.

The following forms are available for international mail:

a. Electronically Generated Customs Forms:

(1) PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration*.

(2) PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*.

(3) PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*.

Note: For international mail, PS Form 2976-B is used only for Priority Mail Express International items. However, as noted in DMM 703.2.3, PS Form 2976-B is also used with Priority Mail Express items sent to APO/FPO/DPO destinations.

b. Handwritten Customs Worksheets:

(1) PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*. This form is available only as a hard copy that customers use as a worksheet that they must present with their mail item at a USPS retail service counter. The retail associate enters the information into the retail system or Customs Form Online application (see 123.722), and then generates and prints the applicable customs form to affix to the mail item. Customers cannot use PS Form 2976-R as a stand-alone customs form.

Note: All USPS-supplied hard copies of PS Form 2976, PS Form 2976-A, and PS Form 2976-B that were preprinted with a barcode and designed for mailers to complete by hand are obsolete and prohibited from use.

(2) PS Form 6182, *Commercial Invoice*, is used only for Global Express Guaranteed items and is required for certain commodities and destinations. To determine if a specific mailing requires PS Form 6182, refer to the "Documentation Requirement" section of the specific destination country in Publication 141.

c. Customs Declaration Envelopes:

(1) PS Form 2976-E, *Customs Declaration Envelope — CP 91*, is a plastic envelope that is used to carry and protect customs declaration form sets and other documentation needed for customs clearance (see 123.73).

(2) PS Form 2976-ES, *Small Customs Declaration Envelope*, is a small plastic envelope that is used to carry and protect customs declaration form sets and other documentation needed for customs clearance used with Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes, and other small parcels that require a customs form (see 123.73).

123.12 Authorized Editions

[Revise the text of 123.12 to read as follows:]

The following are the authorized customs forms:

a. Electronically generated customs forms PS Form 2976, PS Form 2976-A, and PS Form 2976-B produced through an approved USPS system capable of electronically transmitting the associated customs data. Current authorized editions are available in the Guidelines for Privately Printed Customs Declaration Forms at *postalpro.usps.com/node/2713*.

b. Customs forms generated through the online service using Click-N-Ship service.

c. Customs forms generated through the process of using the Customs Form Online application.

d. The USPS-supplied hard copy edition PS Form 2976-R (dated April 2016), which a mailer uses to provide handwritten customs information when presenting a mailpiece at a USPS retail service counter. The retail associate uses this form to generate and print the appropriate customs form and to electronically transmit the associated customs data. A mailer may not use PS Form 2976-R as a stand-alone customs form. See 123.11b.

Note: All USPS-supplied hard copies of PS Form 2976, PS Form 2976-A, and PS Form 2976-B containing a preprinted barcode and designed for mailers to complete by hand are obsolete and prohibited.

123.7 Completing Customs Forms

[Delete sections 123.71 through 123.73; add new 123.71 to read as follows; renumber and retitle current section 123.74 as 123.72, and in newly renumbered 123.722, add new items d. and e. (redesignating items d–l as f–n); and renumber current section 123.75 as 123.73 and revise it to read as follows:]

123.71 Preparation and Acceptance of Electronically Generated Customs Forms

123.711 Sender's Preparation of Electronically Generated Customs Forms

Before mailing, the sender must fulfill any nonpostal export requirements described in Chapter 5 and must ensure that the electronically generated customs form is complete. Certain types of goods may be subject to restrictions. It is the mailer's responsibility to comply with import and export regulations and restrictions (e.g., quarantine, pharmaceutical, etc.) and to determine what documents (e.g., commercial invoice, certificate of origin, health certificate, license, authorization for goods subject to quarantine such as plant, animal, or food products, etc.), if any, are required in the destination country. Additional information is available in the individual country listings.

All information on the customs forms must appear in Roman letters and Arabic numerals. The mailer may supplement the information by adding a translation in a language accepted in the destination country, and the translation may include non-Roman characters (e.g., Cyrillic, Arabic, Mandarin).

a. Mandatory Data Elements

The following data elements are mandatory for all customs forms regardless of mail class:

1. Sender's full name and address.
2. Recipient's full name and address.
3. Category of items (e.g., document, gift, merchandise, etc.).

4. A detailed description of contents, including the quantity, net weight, and value for each item in the package.
5. Sender's signature and date.

b. Conditional Data Elements

The following data elements may be required based on the contents of the package and other nonpostal rules and regulations:

1. Sender's phone number.
2. Sender's email address.
3. Recipient's phone number.
4. Recipient's email address.
5. License/Permit number.
6. AES ITN or exemption citation (NOEEI) (see 520–527).
7. Harmonized Tariff System (HTS) code.
8. Country of origin of goods.

123.712 Postal Service Employee's Acceptance of Electronically Generated Customs Declaration Forms

The acceptance employee must do the following when accepting an electronically generated customs form from the sender:

a. Verify that the sender has entered on the customs form the information required in 123.711, and verify that the form is signed and dated. Failure to complete the customs form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on the customs form.

b. If the customs form is missing an appropriate AES ITN, AES Exemption, or AES Downtime Citation (as applicable), remind the sender that it is the sender's responsibility to comply with U.S. Census Bureau requirements (including having all applicable information) and that the sender may be subject to civil and criminal penalties for noncompliance.

c. If the sender purchases additional insurance against loss, damage, or missing contents, record the insured amount in U.S. dollars in the space provided.

d. Round stamp any uncanceled stamps, and if the sender pays postage by meter, round stamp the front of the piece near the meter postage.

e. Review the IMM individual country listing for destination-specific mailing restrictions, prohibitions, and observations that apply to all mail classes unless otherwise noted.

f. If the package contains mailable dangerous goods (see 135), ensure that the Dangerous Goods box is checked in the "Category of Goods" section of the customs form.

g. After acceptance, place each item in the appropriate working pouch.

123.73 PS Form 2976-E, Customs Declaration Envelope — CP 91, and PS Form 2976-ES, Small Customs Form Envelope

The Postal Service provides the following two transparent plastic envelopes:

a. PS Form 2976-E is a transparent plastic envelope designed to carry and protect customs form sets and any other documentation needed for customs clearance. When the mailer provides PS Form 2976-R and a mailpiece at a USPS retail service counter, the retail associate uses the form to generate and print the applicable customs form and to electronically transmit the associated customs data. Then, the retail associate inserts PS Form 2976-R into PS Form 2976-E, removes the backing sheet of PS Form 2976-E, and affixes PS Form 2976-E to the address side of the mailpiece. The current edition of PS Form 2976-E is July 2013; however, the mailer may use older editions.

b. PS Form 2976-ES is a smaller version of PS Form 2976-E. It is designed to fit on Priority Mail International Flat Rate Envelopes or Small Flat Rate Priced Boxes and other small parcels requiring a customs form. When the mailer provides PS Form 2976-R with the associated mailpiece at a USPS retail service

counter, the retail associate uses the form to generate and print the applicable customs form and to electronically transmit the associated customs data. Then, the retail associate inserts PS Form 2976-R into PS Form 2976-ES so that the barcode applied to PS Form 2976-R is visible, removes the backing sheet of PS Form 2976-ES, and affixes PS Form 2976-ES to the address side of the package. The current edition of PS Form 2976-ES is April 2016.

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the "Payment by Account" or "Agreement Number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: $1,000 for domestic, and $700 for international Postal Service money orders.
2. Check that the proper security features are present:
   - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
   - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
   - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

   These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card,* or online at *usps.com/shop/money-orders.htm*.
3. If the money order seems suspicious, call the U.S. Postal Service Money Ordxxer Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under "Changes" appear in bold in the following APO/FPO/DPO table:

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

Notice to All Post Offices with Rural Delivery Service: Rural Carrier Guarantee Period

Postal Service™ managers must effectively manage rural carriers who work under the provisions of the Fair Labor Standards Act (FLSA), section 7(b)(2). Those carriers are paid overtime for all hours actually worked in excess of 2,080, up to 2,240, within the 52-consecutive-week guarantee period.

If a carrier works more than 2,240 hours within the guarantee period, the agreement under FLSA section 7(b)(2) is considered void, and the carrier must be compensated for all hours worked during the guarantee period in accordance with FLSA, section 7(a).

Postal Service managers must make a concerted effort to minimize the number of hours carriers work over 2,080, and strictly monitor these carriers to ensure that no carrier works in excess of 2,240 actual work hours.

The 2020–2021 guarantee period will begin on Saturday, October 10, 2020, and continue through Friday, October 8, 2021.

Beat the Scammers this Election

Throughout 2020, the United States Postal Service® has overcome many obstacles; however, with the presidential election looming, there are still a few more hurdles to jump.

As expected, the upcoming election has attracted the attention of the entire world. Unfortunately, scammers and cyber criminals are trying to take advantage of voters and deploying various tricks to obtain personally identifiable information (PII). Regardless of position, role, or department, we can all contribute to the security of the 2020 election.

Political polls, surveys, or voter registration requests are a few of the most common voting scam tactics that can appear in your email inbox. Here are some tips to ensure that you do not fall victim to any voting scams:

- Visit *vote.gov* for your state's voting registration information. Do *not* register via email.
- Online voting is *not* a recognized voting method in any election. Any request to do so is a scam.
- Limit what you share. Do *not* share PII, such as credit card numbers or social security numbers, when completing a poll or survey.
- Always use cybersecurity best practices while using your email. Hover over links before clicking on them, verify email addresses from senders, and look for typos and poor grammar as these can be indicators of a phishing attempt or an email scam.

For more helpful tips about cybersecurity, visit the CyberSafe at USPS® websites on *Blue* (*blue.usps.gov/cyber*) and *LiteBlue* (*liteblue.usps.gov/cyber*).

Stamp Announcement 20-33: Drug Free USA

©2019 USPS

On October 27, 2020, in Washington, DC, the United States Postal Service® will issue the *Drug Free USA* stamp (Forever® priced at the First-Class Mail® rate) in one design, in a pressure-sensitive adhesive pane of 20 stamps (Item 478900). The stamp will go on sale nationwide October 27, 2020, and must not be sold or canceled before the first-day-of-issue.

The Postal Service™ joins the effort to raise awareness about the dangers of drug use with the release of the *Drug Free USA* stamp. The stamp art features a white star with lines of red, light blue, and blue radiating from one side of each of the star's five points, suggesting the unity necessary at all levels to effectively address drug use. Greg Breeding designed the stamp with original artwork by Aaron Draplin. William J. Gicker was the art director.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include postage issued after the date of the requested postmark. Such items will be returned unserviced.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at *usps.com/shop*.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail™. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.

Waste Management Reminder: Waste Lamps and Bulbs

Waste lamps include inoperable or broken electric lamps or bulbs. Waste lamps are a potential safety and environmental concern because they may contain mercury or other toxic heavy metals. For this reason, several types of waste lamps are regulated as universal waste.

Universal Waste Management Requirements

Because they contain toxic materials, universal waste lamps have specific federally mandated management and recycling requirements. USPS® sites must store universal waste lamps in closed containers that are clearly labeled, and properly train employees who manage these wastes to fulfill the following requirements:

- Universal waste lamp and bulb pick-up (or mailback);
- Subsequent offsite recycling within one year (365 days) of the day the wastes were generated; and
- Maintenance of accurate recycling records.

For more information about universal waste management requirements applicable to waste lamps, please visit *blue.usps.gov/sustainability/bulb-recycling.htm*.

Common types of lamps that must be managed as universal waste include:

- **Fluorescent Lamps.** This category includes 4-foot and 8-foot linear, U-shaped, circular, and compact fluorescent lamp (CFL) bulbs. Also included are green-tipped or low-mercury lamps, which must be managed the same as other fluorescent lamps.
- **Neon Lamps.** Often used in brightly colored signs, neon lights that emit colors other than red use gases that may contain mercury.
- **High Intensity Discharge (HID) Lamps.** HID lamps are often associated with large interior spaces that have high ceilings, such as warehouses, and exterior lighting, such as peripheral security lighting, street lights, and fuel island lighting. HID lamps may also be found in newer motor vehicle headlights, as well as LCD or DLP projection television sets or projection displays.
- **Light Emitting Diode (LED) Lamps:** LED lamps may contain federally regulated metals such as lead, chromium, or selenium. LED lamps are now available in 4-foot and 8-foot linear tube sizes. Note that multiple, individual LED bulbs are typically contained in an LED lamp.
- **Ultraviolet (UV) Lamps**: UV lamps emit high intensity UV light. Small UV lamps may be present in USPS mail sorting automation platforms, such as the Advanced Facer Canceler System. UV bulbs may also be used in disinfection and germicidal lighting systems.

Recycling Options

The Postal Service™ has contracts for universal waste management with Cleanlites Recycling, Inc. (Cleanlites). The scope of services is available in eBuy+, and includes both mailback recycling containers and onsite waste pick-up.

For contract information, employees should refer to the following Material Logistics Bulletins (MLBs):

- **MLB-CO-19-003 for Mailback Recycling Containers:** *blue.usps.gov/supplymanagement/_pdf/am_nmcs_mlb19-003.pdf*.
- **MLB-CO-18-003 for Onsite Waste Pick-Up:** *blue.usps.gov/supplymanagement/_pdf/am_nmcs_mlb18-003.pdf*.

Important: Do *not* send waste bulbs or lamps through the mail to the Atlanta Mail Recovery Center, Ybor City Learning and Distribution Center, or Topeka Material Distribution Center.
