Cover Story

February is Ergonomics Awareness Month: Prevent Musculoskeletal Disorder Injuries

In Fiscal Year (FY) 2020, Postal Service™ employees reported over 30,000 recordable industrial accidents. Of those, almost 9,000 (or 30 percent) were related to musculoskeletal disorders (MSDs). These disorders are illnesses or injuries that affect one or more parts of the musculoskeletal system, which is the soft tissue and bone structure of the body. These injuries primarily involve the muscles, tendons, and ligaments that allow us to move and use our joints. The most frequent body parts affected are the back, shoulder, and wrist. The study of ergonomics helps to prevent MSDs.

Ergonomics is simply "fitting the task to the person or making things user-friendly." Ergonomics looks at a task, sees how it is done, and evaluates how to provide a method that is a better fit to the worker and their capabilities. For example, a task requiring you to extend and reach could be modified by moving the object closer to you or by using a reach pole. Sometimes equipment or workstation changes can be used to make a task easier and reduce risk of injury. Other solutions may include change of methods, techniques, or job rotation to reduce the risk. Ergonomics is not only applicable to work, but to sports, recreational, and leisure activities as well.

MSDs are "wear-and-tear" injuries that occur over a period of time. MSDs develop very differently from sudden, traumatic injuries, such as cuts, bruises, or broken bones. They can take weeks, months, or even years to develop.

MSD risk factors include awkward posture, force, and repetitive motion. In FY 2020, 54 percent of the MSDs were related to posture, 23 percent to repetitive motion risk factors, and 23 percent to force risk factors:

- **Awkward posture.** Any significantly bent or twisted body position that places additional stress on any part of the body or slows the flow of blood to that body part.
- **Force.** When excessive force is applied to perform a task, such as heavy lifting or pushing rolling stock full of mail. Even something as small as holding an object between the thumb and fingers in a pinch grip can add up to big force over time.
- **Repetitive motion.** When a joint or body part repeats the same motion a number of times. An example could be the number of lifts or the number of pinch grips performed per minute or simple everyday actions, such as texting on a cell phone, keying on a laptop, or jogging.

By following the safety policies and procedures established in your facility and by using good ergonomic methods for every activity, you will help to prevent wear-and-tear injuries.

DMM Revision: Priority Mail Express Refund Documentation

Effective April 5, 2021, the Postal Service™ will revise *Mailing Standards of the United States Postal Service,* Domestic Mail Manual (DMM®), section 604.9.5.6, to clarify the documentation required for a Priority Mail Express® refund request.

Currently, section 604.9.5.6 specifies that a mailer requesting a Priority Mail Express refund at a Post Office™ must submit PS Form 3533, *Application for Refund of Fees, Products and Withdrawal of Customer Accounts,* and the customer copy of Label 11. This revision will clarify that in addition to a completed PS Form 3533, a mailer must submit as supporting documentation the customer copy of the applicable Label 11, or the mailing receipt.

By clarifying the required supporting documentation, this revision will make the filing process easier for Postal Service customers, and also make the DMM consistent with Postal Service standards.

Although the Postal Service will not publish this revision in the DMM until April 5, 2021, the standard is effective immediately.

Handbooks

Handbook EL-312 Revision: Sex Discrimination Policy

Effective January 28, 2021, the Postal Service™ is revising Handbook EL-312, *Employment and Placement,* Chapters 2, 5, 6, and 7, to change the wording pertaining to USPS® policy prohibiting sex discrimination in personnel hiring and placement so that the handbook is consistent with a U.S. Supreme Court decision issued June 2020.

In the decision, the Court states that "an employer violates Title VII when it intentionally fires an individual employee based in part on sex" and that "an individual's homosexuality or transgender status is not relevant to employment decisions. That's because it is impossible to discriminate against a person for being homosexual or transgender without discriminating against that individual based on sex."

Although the Postal Service will not publish the revised Handbook EL-312 until February 2021, the standards are effective immediately.

The Postal Service will incorporate these revisions into the next edition of the online Handbook EL-312, which is available on the PolicyNet website:

Stamp Announcement 21-9: Colorado Hairstreak Stamp

©2020 USPS

On March 9, 2021, in Estes Park, CO, the United States Postal Service® will issue the *Colorado Hairstreak* stamp (Non-denominated priced at the Non-machineable Surcharge rate) in one design, in a pressure-sensitive adhesive (PSA) pane of 20 stamps (Item 121200). This stamp will go on sale nationwide March 9, 2021, and must not be sold or canceled before the first-day-of-issue.

The Colorado hairstreak graces the eighth non-machineable butterfly stamp for use on irregularly-sized envelopes, such as square greeting cards, invitations, or announcements. The stamp art was created digitally using images of preserved butterflies as a starting point. The result is a highly-stylized, simplified image of a Colorado hairstreak (*Hypaurotis crysalus*) rather than an exact replica. The Colorado hairstreak, that state's official insect, is not attracted to flowers. The small, shimmering, purple butterfly perches in oak trees in the Southwest, sipping sap and raindrops. Tom Engeman created the stamp art. Art director Derry Noyes designed the stamp.

Availability to Post Offices: Item 121200, Colorado Hairstreak, Non-machineable Surcharge Rate, Non-denominated PSA Pane of 20 Stamps

Stamp Fulfillment Services will not make an automatic push distribution to Post Offices. Post Offices may begin ordering stamps before the first-day-of-issue through SFS Web at *sfsweb.usps.gov*.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at *usps.com/shop*.

Digital Color Postmarks

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: $1,000 for domestic, and $700 for international Postal Service money orders.
2. Check that the proper security features are present:
   - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
   - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
   - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

   These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card,* or online at *usps.com/shop/money-orders.htm*.
3. If the money order seems suspicious, call the U.S. Postal Service Money Ordxxer Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under "Changes" appear in bold in the following APO/FPO/DPO table:

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

The following FAS Restrictions table outlines these conditions as listed by each affected FAS ZIP Code™ through the use of footnoted mailing restrictions codes (see the Restrictions following the table). For more information on available extra services for FAS destinations, see *Mailing Standards of the United States Postal Service,* Domestic Mail Manual (DMM®), part 503.
