Fight the Bait and Stay CyberSafe

The United States Postal Service® (USPS®) is among the largest organizations in the country. With a workforce of roughly half a million employees and contractors — ranging from letter carriers to the Postmaster General — securing the USPS network may seem like an impossible task. While adversaries see 500,000 potential targets, CyberSafe at USPS® sees 500,000 of the best guardians of the network: employees and contractors.

During October's National Cybersecurity Awareness Month, USPS encourages you to build on your foundation of cybersecurity knowledge. To strengthen your cyber resiliency, check out the resources at *blue.usps.gov/cyber*. From interactive virtual cyber activities to informative videos, the USPS CyberSafe page is an invaluable resource for cybersecurity best practices.

Here are a few of the many programs CyberSafe offers:

- **Monthly awareness campaigns.** Showcases materials, such as posters, infographics, articles, and other resources, featuring cybersecurity best practices for work and home.
- **CyberSafe Guardians.** This resource hub for volunteers helps spread cybersecurity awareness to networks at facilities across the country.
- **Virtual awareness activities.** Provides pre-packaged, engaging awareness activities that can be tailored to individual teams to promote USPS policy awareness.
- **CyberSafe Studio.** A collection of short, entertaining videos made by the USPS Training and Awareness team that highlights real-life cyberthreat scenarios and the impact of making the wrong decisions.
- **Incident reporting.** Promotes USPS phishing initiative "Report to CyberSafe" and provides steps to take if you think you've been a target.

This October, watch for more National Cybersecurity Awareness Month informative materials that can help you be a part of safeguarding USPS networks.

IMM Revision: Update Related to Counterfeit and Pirated Articles

Effective October 7, 2021, the Postal Service™ is revising *Mailing Standards of the United States Postal Service,* International Mail Manual (IMM®), section 136.3, to reflect that counterfeit and pirated items are prohibited in international mail. Currently, the IMM states that the prohibition is related only to outbound mail, but by removing the word "outbound," the language accurately coincides with Section V, *Prohibitions and Customs Matters*, Article 19.2.1.3 of the Universal Postal Union Convention Manual.

[Revise the sentence by deleting the word "outbound" to read as follows:]

Any type of counterfeit or pirated article is prohibited in international mail.

Although effective October 7, 2021, the Postal Service will incorporate this revision into the next edition of the online IMM, which is available via Postal Explorer® at *pe.usps.com*.

Forms

PS Form 571 is No Longer Required for Reporting Overages or Shortages

Effective October 3, 2021, the Postal Service™ no longer requires PS Form 571, *Discrepancy of $100 or More in Financial Responsibility,* for reporting count overages or shortages as this information is captured via financial reporting technologies.

Retail Systems Software (RSS) and e1412 systems require comments when there is a count discrepancy of $100 or more; this information is then electronically transmitted to support Office of Inspector General investigations. PS Form 571 is now scheduled to become obsolete.

Additionally, the Postal Service will incorporate this revision into the next edition of online Handbook F-101, *Field Accounting Procedures,* where appropriate.

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the "Payment by Account" or "Agreement Number" section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Missing, Lost, or Stolen U.S. Money Order Forms

Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

Provide this listing to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy all interim notices when the numbers listed appear in the *Postal Bulletin.* The new money order serial numbers consist of the first 10 digits. The eleventh digit is a check digit only.

Do not cash outdated money orders **104 151 601 to 692 600 000**. Advise holders to send invalid money orders to Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: $1,000 for domestic, and $700 for international Postal Service money orders.
2. Check that the proper security features are present:
   - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
   - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
   - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

   These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card,* or online at *usps.com/shop/money-orders.htm*.
3. If the money order seems suspicious, call the U.S. Postal Service Money Ordxxer Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under "Changes" appear in bold in the following APO/FPO/DPO table:

Breast Cancer Awareness Month

October is National Breast Cancer Awareness Month, a time to learn more about this disease and the ongoing effort to cure it. Aside from skin cancer, breast cancer is the most common cancer for American women. Although it is rare, men can get breast cancer, too. Approximately 1 out of every 100 breast cancers diagnosed in the United States occurs in men.

Most breast cancers are found in women who are 50 years or older. Other risk factors include genetic mutations, having dense breasts, family history of breast cancer, and prior personal history of breast cancer. Staying healthy throughout your life helps reduce cancer risk and improves your chances of survival if it occurs.

Some people have no symptoms of breast cancer, while others may experience the following signs:

- Any change in the size or shape of the breast.
- Pain in any area of the breast.
- Nipple discharge other than breast milk (including blood).
- A new lump in the breast or underarm.

If you have any symptoms that concern you, consult your health care provider right away. Mammograms remain the best way to detect breast cancer early. Although screening doesn't prevent breast cancer, it helps identify cancer in earlier stages and leads to better health outcomes.

Your health care provider will help you understand the guidelines, as well as the benefits and risks of breast cancer screening, so you can make personalized and informed decisions. Talk to your doctor about when and how often you should be screened, and which tests are right for you.

For more information about breast cancer prevention, check out the following resources:

- The Centers for Disease Control and Prevention (CDC) website offers comprehensive breast cancer screening guidelines that compare recommendations from leading health organizations at *cdc.gov/cancer/breast/pdf/breast-cancer-screening-guidelines-508.pdf*.
- USPS® October Wellness Toolkit offers general information at *liteblue.usps.gov/humanresources/benefits/health-wellness/wellness-partners-toolkits.shtml*.

This year, the December period begins Pay Period 26-21, Week 1 (December 4, 2021) and ends Pay Period 01- 22, Week 2 (December 31, 2021).

POWER IN PINK!
Breast Cancer Awareness Month
Aside from skin cancer, breast cancer is the most common cancer for American women. Approximately 250,000 cases of breast cancer are diagnosed in women and 2,300 in men each year in the United States.
Staying healthy throughout your life helps reduce cancer risk and improves your chances of survival if it occurs.
Don't forget to schedule your mammogram. A mammogram remains the best test to detect breast cancer early.
Additional tests can be used to help diagnose breast cancer, such as ultrasound, biopsy, and MRI.
Some people experience symptoms while others do not. Symptoms could be a change in size or shape of breast, pain in any area of the breast, etc. Consult your health care provider immediately if you have any concerns.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears on the following pages. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include postage issued after the date of the requested postmark. Such items will be returned unserviced.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 844-737-7826, or on The Postal Store® website at *usps.com/shop*.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. Sustainability

Announcing the 2021 Sustainability Excellence Award Winners

The USPS® Sustainability Excellence Awards recognize functions, areas, districts, facilities, and teams who contribute to a sustainable workplace and show their commitment to environmental stewardship. Being leaner, greener, and faster is an important business driver for the Postal Service™.

This year, the Postal Service refreshed the Sustainability Excellence Award program to recognize the importance of engaging the Executive Leadership Team (ELT) in a collaborative process to enhance our corporate-wide focus on environmental stewardship.

After the ELT members selected the ELT Sustainability Excellence Award winners, one winner was selected from the pool of winners and awarded the highest honor — the Postmaster General Sustainability Excellence Award.

Here are the 2021 Sustainability Excellence Award winners:

1. Chief Retail and Delivery Officer Sustainability Excellence Award

Energy-efficient Lighting Upgrade at Spokane, WA, Vehicle Maintenance Facility (VMF)

Team Members:

- Michael de Caro (Team Lead)
- Jed Tuinstra
- Roger Birkner
- Jeremy Kittilson
- Mark R. Thomas

Changing a lightbulb is a big deal when there are several hundred of them to maintain. When the Spokane, WA, VMF was built in 2004, high-bay metal halide fixtures and fluorescent tube lights were part of the design. Over the years, the lighting system deteriorated, which meant USPS maintenance employees were regularly replacing bulbs and repairing fixtures.

To reduce energy costs and work hours replacing those bulbs, all interior lighting at the facility was upgraded with high efficiency LED fixtures and bulbs. This included replacing 57 high-bay fixtures in the vehicle repair shop and 386 lamps in the remaining parts of the facility. LED lighting means longer lifespans and savings on energy and maintenance costs.

After the upgrade, the VMF's electric usage dropped 14,144 kilowatt hours compared with the same period in 2018, which meant a cost savings of $1,461. Even better, this was a no-cost project; the local power company provided rebates that covered 100 percent of the cost of the LED fixtures and bulbs. Green thinking provides a better working environment using less energy and generating less universal waste.

2. Chief Logistics and Processing Operations Officer Sustainability Excellence Award

Recycling at the Oklahoma City Processing and Distribution Center (P&DC)

Team Members:

- Tamara Rickey (Team Lead)
- Sean Walton
- Jerome Chappell
- Ronald Anderson
- Jonathan Brown
- Russell Allen
- Pamela Bailey
- Darryl Robinson
- Gary Mukes
- Jimmy Bowen, Jr.
- Maxie Shelton

The Oklahoma City P&DC sets the standard for recycling at USPS. Recycling is an integral part of the facility's efforts to improve organizational efficiency, ensure safety, and eliminate waste.

The workplace is cleaned daily, which provides clear and safe passages for employees. By the end of the day, thanks to the custodial staff, the recyclable materials area is immaculate.

Primary sources of recyclable materials are plastic, cardboard, and mixed paper. Also recycled are batteries, fluorescent lamps, electronic parts, and small components. Among its many successes, the facility generated $33,000 in revenue from recycled mixed paper and cardboard boxes.

Additionally, the P&DC serves as a recycling hub and outlet for offices throughout the state. The recycling program plays a vital part in the health and safety of employees and provides a positive, direct impact on the environment.

3. Chief Technology Officer Sustainability Excellence Award

Reduction in Manual Change-of-Address (COA) Forms

Team Members:

- Starlene Blackwood (Team Lead)
- James (Jim) Wilson
- Elizabeth Flake
- Michelle Evans
- Kevin Lafferty
- Charles McLellan
- Anita Meyer

Thanks to the Address Technology group in the Chief Technology Office, USPS realized cost savings, improved address quality, and reduced our carbon footprint with the introduction of an automated process for completing certain COA forms.

Carriers and other USPS employees can now use their mobile delivery devices and in-office devices to submit the "Moved, Left No Address/PO Box Closed, No Forwarding Order" form (PS Form 3575Z). In the next phase of deployment, the "Notice of Address Correction" forms (PS Forms 3547 and 3579) will also be automated.

Completing the forms electronically cuts costs and reduces our carbon footprint as these forms no longer need to be produced, processed, and transported. COA information entry is also critical for address quality and reducing undeliverable-as-addressed mail, which also helps business customers correct their mailing lists. Since this new tool was added to hand-held devices, USPS has seen significant declines in submissions of paper COA forms. Cost savings of $4.4 million annually are expected from this switch to digital submissions.

4. Chief Financial Officer Sustainability Excellence Award

Recycling USPS Mail Processing Trays

Team Members:

- Annette Cousar (Team Lead)
- Leslie (L2) Lissimore
- Gregory Christian
- Rhonjalyn Curry
- Ricardo Ramirez
- Leslie (Forrest) Brady
- Richard Orlusky
- Christopher (Chris) Perrone
- Dorothy Jamerson
- Sammy Rogers
- Naxin (Jack) Li
- Deborah Kious

It's the circle of life for plastic trays. When they can no longer be used in Postal Service mail processing facilities, plastic trays now go back to where they were made so they can become new products. Credit for this eco-friendly solution goes to the Asset Management group's Investment Recovery Team.

Previously, unusable trays were funneled to the Material Distribution Center in Topeka, KS, and then on to a local vendor for shredding or recycling. Ultimately, that vendor was unable to find a viable downstream solution to keep the trays out of landfills.

Now, the original manufacturer of the trays takes the unwanted plastic. Over 6 months, the Postal Service kept over 46,000 trays out of landfills while also generating revenue of approximately $9,000. There's no cost to the Postal Service to ship the trays to Topeka using our backhaul process, and the vendor picks up the shipping costs to their local recycling plant. It's a round trip that benefits the environment, as well as our bottom line.

Postmaster General Sustainability Excellence Award

For 2021, the top award goes to the Asset Management Group's Investment Recovery Team for their solution to the challenge of how to best handle the plastic mail processing trays at their end of life.

Congratulations to all the winners! For more information about the Sustainability Excellence Awards, visit *blue.usps.gov/sustainability/excellence-awards/nominations.htm*.
