## May is Military Appreciation Month

May is Military Appreciation Month, as was established by Congress in 1999. For the United States Postal Service®, it stands as a time to recognize the service and sacrifices of the U.S. military veterans in our workforce.

Today, there are approximately 100,000 former active duty service members and current members of the Reserve and National Guard forces employed by the Postal Service™. USPS® is regularly recognized as a top employer of veterans of the Air Force, Army, Coast Guard, Marine Corps. and Navy, and it is one of the country's largest civilian employers of military veterans.

This year, the Postal Service will honor the veterans in our ranks with a signed letter of appreciation from Postmaster General Louis DeJoy and a steel tumbler. Veterans who have obtained five years of service with USPS will receive a proud veteran commemorative coin and "Thank you" letter from Chief Human Resources Officer Doug Tulino.

These items express the organization's deep gratitude to all veteran employees for their service. For more information about Military Appreciation Month or other news from Human Resources, visit *blue.usps.gov/hr/jobs-workforce/diversity-inclusion/diversity-news.htm*.

## Manuals

### DMM Revision: Returns Deposit

Effective June 20, 2021, the Postal Service™ will revise *Mailing Standards of the United States Postal Service,* Domestic Mail Manual (DMM®), sections 505.3.1.6 and 505.4.2.3, to clarify where return services packages may be deposited.

Currently, sections 505.3.1.6 and 505.4.2.3 specify that USPS Returns® service and Parcel Return Service packages may be deposited in any collection box, except a Priority Mail Express® box.

The Postal Service is revising these sections to clarify that authorized USPS Returns service and Parcel Return Service packages may be deposited in collection receptacles, such as collection boxes and lobby package drop units as permitted by each receptacle's size limitations.

Although this clarification will not be published in the DMM until June 20, 2021, the standards are effective immediately.

## IMM Revision: Individual Country Listing for Austria

Effective April 22, 2021, the Postal Service™ is revising the Individual Country Listing for Austria in *Mailing Standards of the United States Postal Service,* International Mail Manual (IMM®) to note import restrictions related to filtering facepiece masks.

This revision is based on a formal request that Österreichische Post AG (the designated operator of Austria) made through the Universal Postal Union via *International Bureau Circular* 43, dated March 22, 2021.

**Restrictions**

*[Add a new restriction in alphabetical order to read as follows:]*

A filtering facepiece (FFP) mask conforming to the EN 149 standard for class FFP2 is defined as personal protective equipment (PPE) and is subject to import restrictions as outlined in Regulation (EU) 2016/425. This same regulation is applicable to any other filtering FFP mask that conforms to similar standards and is intended for use as PPE (e.g., KN95, N95, GB 2626-2006, KP95, DS2, DL2, BIS P2, etc.). Consequently, a mailing that includes such a mask must meet the following criteria:

1. Each FFP mask must include the CE marking followed by the identification number of the notified body responsible for quality assurance.

2. Each FFP mask must be accompanied by user instructions in German.

3. Each mailpiece must include a copy of the manufacturer's EU declaration of conformity in German affixed to the outside of the item — alternatively, the mailer may affix the Internet address at which the document is accessible. The declaration of conformity must include the information outlined in Regulation (EU) 2016/425, Annex IX.

For additional information, visit the following website (available only in German): *bmdw.gv.at/Themen/International/covid-19/FAQ-corona-massnahmen/Import-von-PSA-waehrend-Covid.html*. Austrian Customs will consider postal items containing noncompliant masks as wrongly admitted and will return them to the sender.

Although effective April 22, 2021, the Postal Service will incorporate this revision into the next edition of the online IMM, which is available via Postal Explorer® at *pe.usps.com*.

## IMM Revision: IPA and ISAL Office of Exchange Codes to Italy

Effective June 27, 2021, the Postal Service™ will revise *Mailing Standards of the United States Postal Service,* International Mail Manual (IMM®), Exhibit 292.45a and Exhibit 293.45a, to update the foreign office of exchange codes for International Priority Airmail® (IPA®) and International Priority Surface Air Lift® (ISAL®) items sent to Italy.

Periodically, the Postal Service receives such requests from foreign posts to facilitate operational needs. These revisions are based on consultation with Poste Italiane (the designated operator for Italy). In order to provide mailers sufficient time to make necessary logistical and software changes, the Postal Service (through this *Postal Bulletin* article) is providing advance notice that mailers must begin using the appropriate foreign office of exchange code for IPA and ISAL letters, flats, and packages effective June 27, 2021.

## Information Security

### Traveling Internationally? Leave Your Devices at Home

Are you one of the many USPS® employees granted the option to work remotely due to the COVID-19 pandemic? If so, you might be enjoying a few newfound freedoms not available in the office. Cleaning out your inbox on the deck with a mug of fresh, home-brewed coffee every morning is certainly part of the upside of remote working.

Although remote working has made our schedules more flexible, there are still rules employees and contractors must follow to keep USPS devices and networks secure. One of those rules relates to working internationally.

Regardless of your reason — a foreign residence, visiting family, sightseeing, or relaxing on a tropical beach — working from an international location with any USPS-issued equipment or device without official approval and proper training is strictly forbidden. Taking USPS devices abroad poses serious security concerns as foreign adversaries, cybercriminals, and international terrorists can target and steal USPS devices.

Additionally, connecting a mobile device or laptop to foreign Wi-Fi without proper security controls puts the entire USPS network at risk. Careless practices while traveling can cause immense damage if the connection is unsecure.

So, when traveling internationally, remember to leave your USPS equipment at home.

For more helpful tips about cybersecurity best practices, visit the CyberSafe at USPS® websites on *Blue* (*blue.usps.gov/cyber*) and *LiteBlue* (*liteblue.usps.gov/cyber*).

### Invalid USPS Corporate Account Numbers

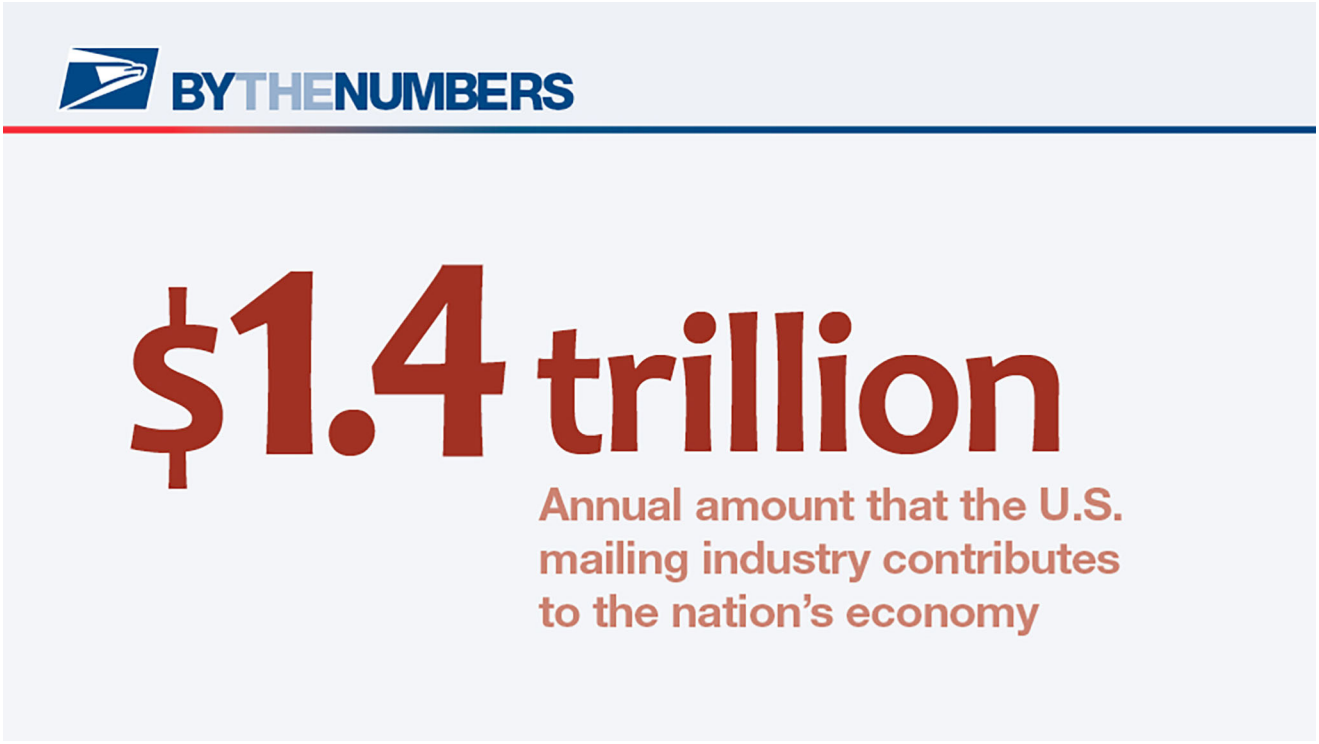

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the "Payment by Account" or "Agreement Number" section of the label or form.

***Note:*** The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

## Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: $1,000 for domestic, and $700 for international Postal Service money orders.
2. Check that the proper security features are present:
   - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
   - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
   - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

   These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card,* or online at *usps.com/shop/money-orders.htm*.
3. If the money order seems suspicious, call the U.S. Postal Service Money Ordxxer Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

# Other Information

## Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under "Changes" appear in bold in the following APO/FPO/DPO table:

### Changes

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include postage issued after the date of the requested postmark. Such items will be returned unserviced.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmarks are extended for 60 days. The postmarks are grouped together since the artwork and date are the same:

## How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 800-782-6724, or on The Postal Store® website at *usps.com/shop*.

### Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail®.

### Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail™. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.

Locally produced items are not authorized. Only merchandise that has been approved and assigned an item number by Headquarters Retail Marketing may be produced and sold.

## To Buy Green is to Know Green

You have probably heard the terms "buy green" or "green purchasing," but what do they really mean? The Environmental Protection Agency (EPA) defines green purchasing as the purchase of products or services that have a reduced effect on the environment and human health when compared with competing products or services.

Green purchasing, more properly referred to as environmentally preferable purchasing (EPP), isn't always easy That's why the Postal Service™ has developed specific guidance on what products are considered environmentally preferable:

- Products made of recycled materials from post-consumer sources;
- Products made of renewable bio-based materials (i.e., USDA BioBased or BioPreferred products);
- Products that are energy efficient (i.e., Energy Star, UL Energy Efficient, NEMA Premium Efficient qualified products);
- Products that are water efficient (i.e., EPA WaterSense certified); or
- Products that are ecolabel certified by a reputable third-party organization (i.e., GreenSeal or EcoLogo).

Examples include retread tires, recycled antifreeze, rerefined oil, recycled content paper, non-hazardous aqueous parts cleaning solutions, and bio-based adhesives. USPS® has had a long-term policy in place (since 1995) to avoid purchasing products that contain the USPS 13 targeted chemicals, EPA priority chemicals, and ozone depleting substances (Class I and II).

Details for this can be found in the following publications:

- MMO-013-19, Pollution Prevention and Waste Minimization at *mtsc.usps.gov/pdf/mmo/2019/mmo01319.pdf*.
- MMO-112-18, USPS Targeted Chemicals List at *mtsc.usps.gov/pdf/mmo/2018/mmo11218.pdf*.

To learn more about what certifications, ecolabels, and EPP criteria apply to green products, refer to the USPS Green Purchasing Guide at *blue.usps.gov/sustainability/green_purchasing.htm*.

To "buy green," consider these six factors:

- **Recycled content.** Products that contain high levels of post-consumer content recycled materials have less of an impact on the environment. Post-consumer recycled materials are obtained from discarded consumer products. For example, if you buy copy paper, choose a minimum of 30 percent post-consumer recycled content paper.
- **Bio-based materials.** Natural bio-based materials, such as vegetable-based hydraulic oils or soy-based adhesives are known as "USDA BioPreferred." These products use renewable resources and contribute to the reduction of adverse effects on the environment and human health.
- **Energy efficiency.** Purchase energy-efficient equipment and appliances whenever possible. Look for the ENERGY STAR logo when buying appliances, lighting, and new equipment.
- **Water efficiency.** When replacing old faucets and toilets, look for products bearing the EPA WaterSense label. These products are certified to perform as well or better than their less efficient counterparts, and are 20 percent more water efficient than average products in that category. This means measurable water savings!
- **Ecolabel certified.** Consider choosing products that have been independently certified by a reputable third-party organization. As part of the USPS Green Purchasing Program, there are over 28 reputable Ecolabels in this category that apply to the products commonly purchased by the Postal Service.
- **Non-toxic materials.** Avoid buying products containing toxic or hazardous materials. If the product you're considering contains one or more of the Postal Service's 13 chemicals targeted for elimination or EPA's 31 priority chemicals, don't buy it. Increase your knowledge of the chemicals in the products you buy by reviewing Safety Data Sheets (SDSs). If the product you want contains a targeted chemical, look for an alternative product.

If you are using eBuy+ to buy products, the first five EPP categories listed here are included as part of the product profile — suppliers have checked off each category that applies. This can help you make informed choices. Visit the supplier's website to review the SDSs to determine how well the product meets EPP criteria before you submit your order.

Also, look for items that are reusable or refillable, and do not use an excessive amount of packaging. Whenever you buy a product or service, remember that less is more. Less product, less waste, less toxicity, fewer raw materials, less energy use, and less water use is always preferred.
