Preface

The Lead Sales and Services Associate (LSSA) Training program is the result of a collaborative effort between the APWU, USPS management, Retail Operations, Retail Channel Operations, along with Training and Development to improve training for Lead Sales and Services Associates.

The 2014 revision reflects the continued collaboration of the American Postal Workers Union with postal management in providing current and effective training for Lead Sales and Services Associates.

This course is designed to provide Lead Sales and Services Associates with the basic skills and knowledge to perform the duties of their positions. The course is also designed to provide Lead Sales and Services Associates with refresher training.

Purpose of Guide

These instructions are designed to provide USPS managers, training staff, functional instructors, and other field personnel with the policies and procedures for administration of Course 10023330, *Lead Sales and Services Associate (LSSA) Training*.

The success of this course requires the cooperative efforts of Headquarters and Area Managers and personnel, District Managers, the American Postal Workers Union (APWU), Retail Managers, Learning Development and Diversity (LD&D) Managers, Operations Managers/Supervisors, OJT Instructors, Lead Sales and Services Associates, and Retail Associates. These instructions are designed to enhance the effectiveness of these cooperative efforts.

Purpose of Course

This course will provide a basic working knowledge of retail skills and financial procedures to effectively and efficiently perform their retail responsibilities. The course administrators and instructors should study the National Agreement, Article 37.3.F.7, Article 37.1.L, and Memorandums of Understanding and Letters of Intent, to ensure that the training is conducted in accordance with the policies contained therein.

This training is required for the following positions:

- Lead Sales and Services Associate (P7-07)

Note: ***Individual modules of this training program may be used to provide Lead Sales* and Services Associates with brush-up training.**

Course Structure

The Lead Sales and Services Associate (LSSA) Training program, which is designed for delivery through the USPS training network, is a combination of eLearning, two days of classroom instructor-led training, and on-the-job training (OJT).

The five eLearning training modules:

- Are accessed via the USPS, Learning Management System (LMS).
- Should be completed at 100% as noted in the LMS.
- Will be addressed during the classroom instructor-led portion of the training process.

Participants will need to have completed all prerequisite LSSA eLearning training requirements in order to be scheduled for the classroom instructor-led training portion of the program.

There should be no more than 30 days between the completion of the eLearning modules and the start of classroom training.

The classroom training provides training on those elements common to all Lead Sales and Services Associates, such as interpersonal skills, customer relations, revenue generation, postal products and services, as well as financial procedures and responsibilities.

****Note: TACS training for LSSAs is required when making entries to correct time and attendance records and retaining required supporting documents. TACS entries to time and attendance records will be approved by supervisors.***

Modules are presented in a classroom environment; instructional methodologies include demonstration, role-play, presentation, and reading.

Once the classroom training has been completed, an OJT Instructor (OJI) will be assigned to the new Lead Associate to provide On-the-Job Training (OJT). It is recommended that the OJT immediately follow the classroom instruction.

The OJT should be completed within 7 calendar days of the classroom training. The 7-day time period does not include any scheduled leave of the Lead Sales and Services Associate during the same time period.

The OJT takes the LSSA to their bid, assigned unit, or in some cases, to designated retail training sites where they receive one-on-one guidance with their OJT Instructor. During this time, the OJT Instructor will focus upon reinforcing information provided during the classroom portion of the training, retail equipment, revenue generation, proper transaction workflows, and proper financial procedures.

Course Description

eLearning Modules

The Lead Sales and Services Associate (LSSA) Training eLearning modules provide training on those elements common to all Lead Sales and Services Associates, such as Postal products, services, policy. Modules are presented in a computer/eLearning environment. Successful completion of the five eLearning modules by Lead Associates is recorded and tracked in the LMS. The eLearning portion of the training is designed to take five (5) training hours.

Classroom Training

The Lead Sales and Services Associate classroom training provides information on those elements common to all Lead Sales and Services Associates, such as interpersonal skills, customer relations, revenue generation, postal products and services, as well as financial procedures and responsibilities. Modules are presented in a classroom environment. Instructional methodologies include demonstration, role-play, and presentation. The overall goal of the classroom training is to align LSSA goals with the USPS's four key business strategies:

- Strengthening the business-to-consumer channel
- Improving the customer experience
- Competing for the packaged business
- Becoming a leaner, faster, and smarter organization

This course is designed to empower LSSAs by giving them the tools necessary to help the organization attain these goals.

Class Duration

The classroom portion of the Lead Sales and Services Associate Training program is designed to take 16 training hours.

The new LSSA must complete 16 hours of On-the-Job Training with an OJT Instructor in order to be deemed qualified and eligible to assume the bid or assignment.

Class Size

The classroom component of the Lead Sales and Services Associate Training has been designed to support a maximum class size of twelve (12) students with a minimum of four (4) required to conduct a class. For

classes larger than the recommended size, you may convert some individual activities to group activities.

On-the-Job Training

A thorough, well-documented, On-the-Job Training (OJT) process is critical to the success of the Lead Sales and Services Associate (LSSA) Training program. As the OJT is based on the Lead Sales and Services Unit Profile of the Lead Associate's gaining office, Lead Associates may have slightly different OJT experiences.

The OJT must be conducted on a one-on-one basis between the OJT Instructor or Lead Sales and Services Associate and the new associate. This one-on-one training should occur during the normal transaction of business at the retail service counter. One-on-one training is defined as the OJT Instructor and the Lead Associate working at one retail service counter or in the back office. The OJT Instructor may role-play examples of specific transactions with the Lead Associate.

OJT Instructors should make every effort to conduct the on-the-job training by mixing role-playing and customer interactions.

Hours spent in training will be properly documented on PS Form 2432, *Individual Training Progress Sheet*, on a daily basis. Once the training has been completed the information must be documented by recording completion of the training event into the Postal Services' Learning Management System (LMS).

In instances where it is not possible for the Lead Associate to receive OJT at their bid or assigned office, a training site should be established. To ensure the highest quality OJT, a training site should be defined as one where the postmaster level is equal to or greater than an EAS-18 ranking.

Each OJT training site should have a minimum of two fully-equipped retail service counters that can adequately accommodate the OJT experience without negatively impacting service to retail customers, regardless of the level of office.

Any office, station, or branch selected to conduct the on-the job portion of the training should have sufficient customer volume to provide all the transactions that the trainee will be required to master in order to be proficient in their assigned retail office duties.

OJT Instructors may voluntarily go on-site to conduct the OJT. Appropriate reimbursement for lodging, per diem, and travel is authorized in accordance with Handbook F-15, *Travel and Relocation*, and ELM 716. Local operations managers may elect to exercise this option based upon commuting distance and the suitability of the retail operation where the OJT will occur.

During the OJT, LSSA, with the OJT Instructor present must be issued a retail cash or stamp credit consignment. PS Form 3369, *Consigned Credit Receipt*, must be prepared in triplicate by the person consigning the credit.

The LSSA who accepts responsibility for the credit must date and sign the form in accordance with Handbook F-101, *Field Accounting Procedures* and the procedures outlined in Article 28 of the National Agreement. During the OJT, the LSSA must be given a retail credit count and the credit will be closed out according to the procedures in Handbook F-101, *Field Accounting Procedures*.

The OJT Instructor should be present during the consignment and final count of the LSSA's accountability.

OJT Duration

The LSSA receives 16 hours of on-the-job training. The OJT will be conducted one-on-one (one OJT Instructor and one Lead Sales and Services Associate). It is important that the OJT Instructor review and understand each of the transactions to ensure the workflow is properly taught. Ensure that current information and manuals are being used and provided.

When OJT begins, the OJT Instructor reviews the Trainee Daily OJT Checklist and the equipment needed to complete retail transactions with the Lead Sales and Services Associate.

Training Documentation

Classroom Training

The following document is used to facilitate the completion of the Lead Sales and Services Associate classroom training:

- PS Form 2432, *Individual Training Progress Sheet*
- Hours spent in training will be properly documented on PS Form 2432, *Individual Training Progress Shee*t, daily. Once training forms have been completed information must be documented by recording completion of the training event into the Postal Service's Learning Management System (LMS).

On-the-Job Training

The following document is used to facilitate and complete the OJT:

- **Lead Sales and Services Associate On-the-Job Training Workbook**

Training Hours and Schedules

The training must be given on-the-clock. Time for the LSSA and OJT Instructor will be recorded as follows:

- Record and charge all time in class or study as training hours to the ***gaining retail unit***. This applies when the Lead Sales and Services Associate is observing the OJT Instructor or, when the OJT Instructor is observing the LSSA.

If, during the LSSA's training, it becomes necessary to change the scheduled hours of work, the change may only be accomplished in accordance with the procedures specified in the Employee and Labor Relations Manual (ELM).

- Use the Learning Management System (LMS) to record Lead Sales and Services Associate training hours.
  - Course #10021146 should be used to record students' completion of the classroom portion of the training program
  - Course #10021228 should be used to record that students have completed the on-the-job training.

Selection of Classroom Instructors

The careful selection of craft employees as classroom instructors is critical to the success of the Lead Sales and Services Associate Training program.

The Manager, LD&D along with other appropriate managers, will select a sufficient number of classroom instructors.

As classroom instructors are needed, not to exceed (NTE), senior qualified ad-hoc duty assignments should be posted. All postings should be filled in accordance with the APWU National Agreement.

The primary classroom instructors for Lead Sales and Services Associate Training should be selected on a voluntary basis from the following retail experienced positions:

- Lead Sales and Services Associate, (P7-07)

Classroom instructors must have one year of continuous retail experience in one or more of the retail positions listed and hold one of the retail duty assignments at the time of consideration. To maintain retail proficiency, they must spend a minimum of 40 hours in their regular retail duty assignment once every four months. In addition, classroom instructors must return to their full-time retail assignment during the month of December to assist operations during the holiday mailing season.

Classroom instructors must voluntarily accept the assignment. Therefore, any changes in schedules to perform instructor duties will be considered voluntary and not subject to out-of-schedule premium. Each volunteer must complete PS Form 1717, *Bid for Preferred Assignment* or electronic equivalent.

Employees voluntarily bidding for a classroom instructor position are notified of the intention to use information contained in official records, available as of the closing date, to determine qualification. If available evidence of a potential classroom instructor's qualification information is not complete, they should take action to provide the Manager, LD&D and/or the Manager, Retail with the appropriate information to update their records prior to the bid closing date.

This decision as to the number of classroom instructors is left to the discretion of the district training office. The decision should take into account availability of instructors, commuting distance to the classroom, interaction between the classroom instructor and the district training office, as well as overall business and cost considerations.

If local offices fail to produce a suitable number and caliber of classroom instructor volunteers, the area of coverage may be expanded to fill the necessary classroom instructor needs.

It is essential that selected instructors be provided adequate on-the-clock preparation time to successfully fulfill their responsibilities. Some of these duties include setting up and maintaining retail training academies, familiarizing themselves with instructional materials (including videos), ordering and stocking necessary manuals, handbooks, forms, and other directives, incorporating procedural and policy changes into the training materials, etc.

Special Considerations

In addition to possessing appropriate experience, classroom instructors should be articulate, enthusiastic, and personable. They should exhibit behaviors expected from role models. Since classroom instructors may represent the Postal Service to the public, they must exemplify adherence to the current official U.S. Postal Service uniform policy. Instructors must be in full uniform when conducting Lead Sales and Services Associate training. Classroom instructors must be neat and presentable in their personal appearance. Successful ad-hoc Classroom Instructors are paid at the (PS-7) rate.

Training Requirements

Once selected, classroom instructors must complete the Lead Sales and Services Associate Training - eLearning modules, and be trained in instructional methods and coaching skills before they are utilized as instructors. Selected classroom instructors must successfully complete the following courses:

- Facilitative Instructor Workshop, Course (21201-61 or 10020351) or Adult Learning Facilitator Course (1002172 or 10021726)

Because of their classroom experience and OJT training, classroom instructors will also be able to serve as OJT Instructors when vacancies or absences occur.

The Manager, LD&D recommends, approves and maintains a list of approved OJT Instructors for LSSA OJT.

Within six months of selection, classroom instructors must attend and/or observe one classroom session of the Lead Sales and Services Associate Training program and instruct one classroom session which is observed by a certified LSSA classroom instructor. This will help update their technical skills, as well as address any issues concerning elements of the course.

Every two years, classroom instructors should successfully complete an FIW/OJT refresher training class.

Selection of OJT Instructors

The careful selection of craft employees as OJT Instructors is critical to the success of the Lead Sales and Services Associate Training program.

The Manager, LD&D, along with other appropriate managers, will select a cadre of OJT Instructors. The decision as to the number of OJT Instructors is left at the discretion of the district training office. The decision should take into account availability of coaches, commuting distance if training at units other than their own, interaction between the OJT Instructor and the district training office, as well as overall business and cost considerations.

The OJT Instructors must be selected on a voluntary basis from the following retail experienced positions:

- Lead Sales and Services Associate, (P7-07)

OJT Instructors must have one year of continuous retail experience in one or more of the retail positions listed and hold one of the retail duty assignments at the time of consideration.

OJT Instructors must voluntarily accept the assignment. Therefore, any changes in schedules to perform instructor duties will be considered voluntary and not subject to out-of-schedule premium. OJT Instructors may voluntarily go on-site to conduct OJT.

Special Considerations

In addition to possessing appropriate experience, OJT Instructors should be articulate, enthusiastic, and personable. They should exhibit behaviors expected from role models. Since OJT Instructors may represent the Postal Service to the public, they must exemplify adherence to the current official U.S. Postal Service uniform policy. They must be in full uniform when conducting Lead Sales and Services Associate Training. OJT Instructors must be neat and presentable in their personal appearance. Successful ad-hoc OJT Instructors are paid at the (PS-7) rate.

Training Requirements

Once selected OJT Instructors must be trained in instructional methods and coaching skills before they are utilized as coaches. Selected OJT Instructors must complete the following courses:

- Job Instructor Training (21505-00)

The Manger, LD&D maintains a list of approved OJT Instructors for LSSA OJT.
